STATEMENT BY BOARD OF EXECUTIVES

Today the Board of Executives have discussed and approved the Annual Report of Resolution BIDO ApS for the financial year 30 May - 31 December 2017.

The Annual Report is presented in accordance with the Danish Financial Statements Act.

In our opinion the Financial Statements give a true and fair view of the Company's financial position at 31 December 2017 and of the results of the Company's operations for the financial year 30 May - 31 December 2017.

The Management's Review includes in our opinion a fair presentation of the matters dealt with in the review.

The board of executives remain of the opinion that the conditions for opting out of audit have been fulfilled.

We recommend the Annual Report be approved at the Annual General Meeting.

ENGAGEMENT TO COMPILE FINANCIAL INFORMATION

To the Shareholders of Resolution BIDO ApS

We have compiled the Financial Statements of Resolution BIDO ApS for the financial year 30 May - 31 December 2017 based on the Company's accounting records and other information provided by management.

The Financial Statements comprise a summary of income statement, balance sheet, notes and significant accounting policies.

We performed this compilation engagement in accordance with the International Standard, Compilation Engagements.

We have applied our professional expertise to assist management in the preparation and presentation of the Financial Statements in accordance with the Danish Financial Statements Act. We have complied with relevant provisions of the Danish Accountants Act and FSR - Danish auditors' Ethical rules applying to auditors, including principles of integrity, objectivity, professional competence and due care.

The Financial Statements and the accuracy and completeness of the information used to compile the Financial Statements are management's responsibility.

Since an engagement to compile financial information is not an assurance engagement, we are not required to verify the accuracy or completeness of the information provided by management to us to compile the Financial Statements. Accordingly, we do not express an audit opinion or a review conclusion on whether the Financial Statements are prepared in accordance with the Danish Financial Statements Act.

ACCOUNTING POLICIES

The Annual Report of Resolution BIDO ApS for 2017 has been presented in accordance with the provisions of the Danish Financial Statements Act for enterprises in reporting class B and certain provisions applying to reporting class C.

The Annual Report is prepared with the following accounting principles.

Lack of comparability in the financial numbers

The annual report for 2017 is the first financial year for the company. Therefore there is no comparability in the financial numbers.

INCOME STATEMENT

Tax

The tax for the year, which consists of the current tax for the year and changes in deferred tax, is recognised in the income statement by the portion that may be attributed to the profit for the year, and is recognised directly in the equity by the portion that may be attributed to entries directly to the equity.

BALANCE SHEET

Fixed asset investments

Equity investments in subsidiaries are measured at cost. If the cost exceeds the net realisable value, this is written down to the lower value.

Impairment of fixed assets

The carrying amount of fixed assets, which are not measured at fair value, are valued on an annual basis for indications of impairment other than that reflected by amortisation and depreciation.

In the event of impairment indications, an impairment test is made for each asset or group of assets, respectively. If the net realisable value is lower than the carrying amount, the assets are written down to the lower value.

The recoverable amount is calculated at the higher of net selling price and capital value. The capital value is determined as the fair value of the expected net cash flows from the use of the asset or group of assets and the expected net cash flows from sale of the asset or group of assets after the end of its useful life.

Cash and cash equivalents

Cash and cash equivalents include bank overdraft and cash in hands

Equity

Uncalled share capital is presented under the gross method according to which receivables are recognised in current assets and capital reserves are recognised under equity.

ACCOUNTING POLICIES

Tax payable and deferred tax

Current tax liabilities and receivable current tax are recognised in the balance sheet as the calculated tax on the taxable income for the year, adjusted for tax on the taxable income for previous years and taxes paid on account.

Deferred tax is measured on the temporary differences between the carrying amount and the tax value of assets and liabilities.

Deferred tax assets, including the tax value of tax loss carry-forwards, are measured at the expected realisable value of the asset, either by set-off against tax on future earnings or by set-off against deferred tax liabilities within the same legal tax entity.

Deferred tax is measured on the basis of the tax rules and tax rates that under the legislation in force on the balance sheet date would be applicable when the deferred tax is expected to crystallise as current tax. Any changes in the deferred tax resulting from changes in tax rates, are recognised in the income statement, except from items recognised directly in equity.
