

SciEngines ApS

c/o Univate, Njalsgade 76, 2300 København S

Company reg. no. 38 84 86 15

Annual report

2018

The annual report was submitted and approved by the general meeting on the 4 June 2019.

Gerd Pfeiffer

Chairman of the meeting

Notes:

- To ensure the greatest possible applicability of this document, British English terminology has been used.
- Please note that decimal points have not been used in the usual English way. This means that for instance DKK 146.940 means the amount of DKK 146,940, and that 23,5 % means 23.5 %.

Management's report

The managing director has today presented the annual report of SciEngines ApS for the financial year 1 January to 31 December 2018.

The annual report has been presented in accordance with the Danish Financial Statements Act.

I consider the accounting policies used appropriate, and in my opinion the annual accounts provide a true and fair view of the company's assets and liabilities and its financial position at 31 December 2018 and of the company's results of its activities in the financial year 1 January to 31 December 2018.

The managing director considers the requirements of omission of audit of the annual accounts for 2018 as met.

I am of the opinion that the management's review includes a fair description of the issues dealt with.

The annual report is recommended for approval by the general meeting.

Copenhagen K, 4 June 2019

Managing Director

Gerd Pfeiffer

Auditor's report on compilation of the annual accounts

To the shareholders of SciEngines ApS

We have compiled the annual accounts of SciEngines ApS for the period 1 January to 31 December 2018 based on the bookkeeping of the company and on further information you have provided.

The annual accounts comprise the accounting policies used, profit and loss account, balance sheet and notes.

We performed this engagement in accordance with ISRS 4410, Compilation Engagements.

We have applied our professional expertise to assist you in the preparation and presentation of the annual accounts in accordance with the Danish Financial Statements Act. We have complied with relevant requirements of the Danish Act on Approved Auditors and Audit Firms and with ethical requirements of the Danish Institute of State Authorised Public Accountants, including principles of integrity, objectivity, professional competence and due care.

The annual accounts and the accuracy and completeness of the information used to compile them are your responsibility.

Since a compilation engagement is not an assurance engagement, we are not required to verify the accuracy or completeness of the information you provided to us to compile the annual accounts. Accordingly, we do not express an audit opinion or a review conclusion on whether the annual accounts are prepared in accordance with the Danish Financial Statements Act.

1 Uncertainties concerning the enterprise's ability to continue as a going concern

6 Mortgage and securities

7 Contingencies

Notes

All amounts in DKK.

1. Uncertainties concerning the enterprise's ability to continue as a going concern

Management has prepared the annual report under the assumption of continued operation. Management believes that there is no significant risk to the company's continued operation. The reason for this assessment is that SciEngines GmbH has issued a letter of support and subordination of loan until 31 December 2019. SciEngines GmbH declares that they will support the company with sufficient liquidity.

	1/1 - 31/12 2018	10/8 - 31/12 2017

There are no contingent liabilities.		

Accounting policies used

The annual report for SciEngines ApS is presented in accordance with those regulations of the Danish Financial Statements Act concerning companies identified as class B enterprises. Furthermore, the company has chosen to comply with some of the rules applying for class C enterprises.

The accounting policies used are unchanged compared to last year, and the annual accounts are presented in Danish kroner (DKK).

The profit and loss account

Gross loss

The gross loss comprises the net turnover, changes in inventories of finished goods and work in progress, work performed for own purposes and capitalised, other operating income, and external costs.

The net turnover is recognised in the profit and loss account if delivery and risk transfer to the buyer have taken place before the end of the year, and if the income can be determined reliably and is expected to be received. The net turnover is recognised exclusive of VAT and taxes and with the deduction of any discounts granted in connection with the sale.

Costs of sales includes costs for the purchase of raw materials and consumables less discounts and changes in inventories.

Other external costs comprise costs for sales, advertisement, administration and premises costs.

Staff costs

Staff costs include salaries and wages including holiday allowances, pensions and other costs for social security etc. for staff members. Staff costs are less public reimbursements.

Depreciation, amortisation and writedown

Depreciation, amortisation and writedown comprise depreciation on, amortisation of and writedown relating to intangible and tangible fixed assets respectively.

Net financials

Net financials comprise interest, realised and unrealised capital gains and losses concerning financial assets and liabilities, amortisation of financial assets and liabilities, additions and reimbursements under the Danish tax prepayment scheme, etc. Financial income and expenses are recognised in the profit and loss account with the amounts that concerns the financial year.

Tax of the results for the year

The tax for the year comprises the current tax for the year and the changes in deferred tax, and it is recognised in the profit and loss account with the share referring to the results for the year and directly in the equity with the share referring to entries directly on the equity.

Accounting policies used

The balance sheet

Tangible fixed assets

The basis of depreciation is cost with deduction of any expected residual value after the end of the useful life of the asset. The amortisation period and the residual value are determined at the acquisition date and reassessed annually. If the residual value exceeds the book value, the amortisation discontinues.

If the amortisation period or the residual value is changed, the effect on amortisation will in the future be recognised as a change in the accounting estimates.

The cost comprises the acquisition cost and costs directly attached to the acquisition until the time when the asset is ready for use.

The cost of a total asset is divided into separate components. These components are depreciated separately, the useful lives of each individual components differing.

Depreciation takes place on a straight line basis and based on an evaluation of the expected useful life:

	<i>Useful life</i>
<i>Other plants, operating assets, fixtures and furniture</i>	<i>5 years</i>

Minor assets with an expected useful life of less than 1 year are recognised as costs in the profit and loss account in the year of acquisition.

Profit or loss deriving from the sales of tangible fixed assets is measured as the difference between the sales price reduced by the selling costs and the book value at the time of the sale. Profit or losses are recognised in the profit and loss account as other operating income or other operating expenses.

Debtors

Debtors are measured at amortised cost which usually corresponds to face value. In order to meet expected losses, writedown takes place at the net realisable value.

Liabilities

Other liabilities are measured at amortised cost which usually corresponds to the nominal value.
