MANAGEMENT'S STATEMENT

Today the Board of Directors and Executive Board have discussed and approved the Annual Report of OP DK Holding ApS for the financial year 1 January - 31 December 2021.

The Annual Report is presented in accordance with the Danish Financial Statements Act.

In our opinion the Financial Statements give a true and fair view of the Company's assets, liabilities and financial position at 31 December 2021 and of the results of the Company's operations for the financial year 1 January - 31 December 2021.

The Management Commentary includes in our opinion a fair presentation of the matters dealt with in the Commentary.

We recommend the Annual Report be approved at the Annual General Meeting.

INDEPENDENT AUDITOR'S REPORT

To the Shareholders of OP DK Holding ApS

Opinion

We have audited the Financial Statements of OP DK Holding ApS for the financial year 1 January - 31 December 2021, which comprise income statement, Balance Sheet, statement of changes in equity, notes and a summary of significant accounting policies. The Financial Statements are prepared in accordance with the Danish Financial Statements Act.

In our opinion, the Financial Statements give a true and fair view of the assets, liabilities and financial position of the Company at 31 December 2021 and of the results of the Company's operations for the financial year 1 January - 31 December 2021 in accordance with the Danish Financial Statements Act.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) and the additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards) (IESBA Code), together with the ethical requirements that are relevant to our audit of the financial statements in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our conclusion.

Management's Responsibilities for the Financial Statements

Management is responsible for the preparation of Financial Statements that give a true and fair view in accordance with the Danish Financial Statements Act and for such Internal control as Management determines is necessary to enable the preparation of Financial Statements that are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting in preparing the Financial Statements unless Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

INDEPENDENT AUDITOR'S REPORT

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting in preparing the Financial Statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and contents of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that gives a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Statement on Management Commentary

Management is responsible for Management Commentary.

Our opinion on the Financial Statements does not cover Management Commentary, and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read Management Commentary and, in doing so, consider whether Management Commentary is materially inconsistent with the Financial Statements or our knowledge obtained during the audit, or otherwise appears to be materially misstated.

Moreover, it is our responsibility to consider whether Management Commentary provides the information required under the Danish Financial Statements Act.

Based on the work we have performed, we conclude that Management Commentary is in accordance with the Financial Statements and has been prepared in accordance with the requirements of the Danish Financial Statements Act. We did not identify any material misstatement of Management Commentary.

MANAGEMENT COMMENTARY

Principal activities

The objects of the company are to hold equity investments in subsidiaries and activities related hereto.

Development in activities and financial and economic position

The company's results and financial development have been negatively affected by the Covid-19 pandemic. The results for the year have not fulfilled the expectations that Management had at the beginning of the year and are therefore not considered satisfactory.

The results for 2021 show a loss of DKK ('000) 56.453 and the company's balance sheet per 31 December 2021 shows a negative equity of DKK ('000) 142.242. The result is effected by large depreciations on investments. It is management's expectation that the company's financial situation will be improved when depreciations on acquired goodwill are finalised, and that future operation in subsidiaries will be able to re-establish the company's share capital within a few years.

In Q1 2022 and beginning of Q2 most effects of the pandemic are behind us and the company and the group it is part of will improve its financial results significantly during 2022. Order intake and invoiced turnover for first months in daughter companies document these expectations.

Consolidated Financial Statements	9
--	----------

The company is included in the consolidated financial statements of OP AcquiCo GmbH, Germany, and in the consolidated financial statements of OP HoldCo GmbH, Germany, which is the highest level in the group where consolidated financial statements are prepared.

Requisitioning of the parent companies' consolidated financial statements:
Rudolf-Diesel-Str. 10, 91413, Neustadt a.d.Aisch, Bayern Germany

ACCOUNTING POLICIES

The Annual Report of OP DK Holding ApS for 2021 has been presented in accordance with the provisions of the Danish Financial Statements Act for enterprises in reporting class B and certain provisions applying to reporting class C.

The format of the income statement has been adjusted to the company's activities as a holding company.

The Annual Report is prepared consistently with the accounting principles applied last year.

Consolidated Financial Statements

Consolidated financial statements have not been prepared because the group fulfils the exemption provisions of section 112 of the Danish Financial Statements Act on sub-groups. The company is included in the consolidated financial statements of OP AcquiCo GmbH, Bayern, Germany.

INCOME STATEMENT

Income from investments in subsidiaries

The income statement of the parent company recognises the proportional share of the results of each subsidiary after full elimination of intercompany profits/losses and deduction of amortisation of goodwill.

Other operating income

Other operating income includes items of a secondary nature in relation to the Group's and the Company's activities, including profit from advisory services to group companies.

Other external expenses

Other external expenses include cost of sales, advertising, administration etc.

Staff costs

Staff costs comprise wages and salaries, including holiday pay and pensions and other costs for social security etc. for the company's employees. Repayments from public authorities are deducted from staff costs.

Financial income and expenses

Financial income and expenses include interest income and expenses, realised and unrealised gains and losses arising from investments in financial assets, debt and transactions in foreign currencies, amortisation of financial assets and liabilities as well as charges and allowances under the tax-on-account scheme etc. Financial income and expenses are recognised in the income statement by the amounts that relate to the financial year.

Tax

The tax for the year, which consists of the current tax for the year and changes in deferred tax, is recognised in the income statement by the portion that may be attributed to the profit for the year, and is recognised directly in the equity by the portion that may be attributed to entries directly to the equity.

ACCOUNTING POLICIES

BALANCE SHEET

Fixed asset investments

Investments in are measured in the company's balance sheet under the equity method.

Investments in are measured in the balance sheet at the proportional share of the enterprises' carrying equity value, calculated in accordance with the parent company's accounting policies with deduction or addition of unrealised intercompany profits or losses and with addition or deduction of the residual value of positive or negative goodwill

Acquired enterprises are recognised in the consolidated financial statements under the acquisition method, reassessing all identified assets and liabilities to fair value at the acquisition date. The fair value is calculated based on acquisitions made in an active market, alternatively calculated using generally accepted valuation methods. Upon calculation of the fair value of properties used in the business a discounted cash flow model is applied based on discounted cash flow of future earnings. Operating equipment is recognised at fair value based on an assessor's opinion, built on an overall assessment of the production equipments.

Consolidated goodwill is amortised over the expected useful life determined on the basis of management's experience within the individual lines of business. Consolidated goodwill and trademark is amortised on a straight-line basis over the period of amortisation which is estimated to 10 years. Identified goodwill relating to customer relationships is amortised over 4 years. The period of amortisation is determined based on an assessment of the acquired company's position in the market and earnings profile, and the industry-specific condition.

Impairment of fixed assets

The carrying amount of fixed assets are valued on an annual basis for indications of impairment other than that reflected by amortisation and depreciation.

In the event of impairment indications, an impairment test is made for each asset or group of assets, respectively. If the recoverable amount is lower than the carrying amount, the asset is written down to the carrying amount.

The recoverable amount is calculated at the higher of net selling price and capital value. The capital value is determined as the fair value of the expected net cash flows from the use of the asset or group of assets and the expected net cash flows from sale of the asset or group of assets after the end of its useful life.

Receivables

Receivables are measured at amortised cost which usually corresponds to nominal value. The value is reduced by impairment losses to meet expected losses.

ACCOUNTING POLICIES

Tax payable and deferred tax

Current tax liabilities and receivable current tax are recognised in the balance sheet as the calculated tax on the taxable income for the year, adjusted for tax on the taxable income for previous years and taxes paid on account.

The Company is subject to joint taxation with Danish group companies. The current corporation tax is distributed among the joint taxable companies in proportion to their taxable income and with full allocation and refund related to tax losses. The joint taxable companies are included in the on account tax scheme. Joint taxation contributions receivable and payable are recognised in the Balance Sheet under current assets and liabilities, respectively.

Deferred tax is measured on the temporary differences between the carrying amount and the tax value of assets and liabilities.

Deferred tax assets, including the tax value of tax loss carry-forwards, are measured at the expected realisable value of the asset, either by set-off against tax on future earnings or by set-off against deferred tax liabilities within the same legal tax entity.

Deferred tax is measured on the basis of the tax rules and tax rates that under the legislation in force on the balance sheet date will be applicable when the deferred tax is expected to crystallise as current tax. Any changes in the deferred tax resulting from changes in tax rates, are recognised in the income statement, except from items recognised directly in equity.

Liabilities

Financial liabilities are recognised at the time of borrowing by the amount of proceeds received less borrowing costs. In subsequent periods, the financial liabilities are measured at amortised cost equal to the capitalised value when using the effective interest, the difference between the proceeds and the nominal value being recognised in the Income Statement over the term of loan.

Amortised cost for short-term liabilities usually corresponds to the nominal value.
