Better Energy Denmark A/S

Management's statement

Today, the Executive Board and the Board of Directors have considered and adopted the annual report of Better Energy Denmark A/S for the financial year 1 January 2020 - 31 December 2020.

The annual report is presented in accordance with the Danish Financial Statements Act.

In our opinion, the financial statements give a true and fair view of the assets, liabilities and financial position of Better Energy Denmark A/S at 31 December 2020 and of the results of the company's operations for the financial year 1 January 2020 - 31 December 2020.

In our opinion, the management's review includes a true and fair account of the matters addressed in the review.

We recommend that the annual report be adopted at the Annual General Meeting.

Independent auditor's report

To the shareholders of Better Energy Denmark A/S

Opinion

We have audited the financial statements of Better Energy Denmark A/S for the financial year 1 January 2020 - 31 December 2020, which comprise the income statement, balance sheet, statement of changes in equity and notes, including a summary of significant accounting policies. The financial statements are prepared in accordance with the Danish Financial Statements Act.

In our opinion, the financial statements give a true and fair view of the Entity's financial position at 31 December 2020 and of the results of its operations for the financial year 1 January 2020 - 31 December 2020 in accordance with the Danish Financial Statements Act.

Basis of opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) and additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the "Auditor's responsibilities for the audit of the financial statements" section of this auditor's report. We are independent of the Entity in accordance with the International Ethics Standards Board of Accountants' Code of Ethics for Professional Accountants (IESBA Code) and the additional requirements applicable in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Management's responsibilities for the financial statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the Danish Financial Statements Act, and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the Entity's ability to continue as a going concern, for disclosing, as applicable, matters related to going concern, and for using the going concern basis of accounting in preparing the financial statements unless Management either intends to liquidate the Entity or to cease operations, or has no realistic alternative but to do so.

The auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- * Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- * Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.
- * Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates

Independent auditor's report

and related disclosures made by Management.

- * Conclude on the appropriateness of Management's use of the going concern basis of accounting in preparing the financial statements, and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Entity to cease to continue as a going concern.
- * Evaluate the overall presentation, structure and content of the financial statements, including the disclosures in the notes, and whether the financial statements represent the underlying transactions and events in a manner that gives a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Statement on Management's Review

Management is responsible for the Management's Review.

Our opinion on the financial statements does not cover the Management's Review, and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the Management's Review and, in doing so, consider whether the Management's Review is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

Moreover, it is our responsibility to consider whether the Management's Review provides the information required under the Danish Financial Statements Act.

Based on the work we have performed, we conclude that the Management's Review is in accordance with the financial statements and has been prepared in accordance with the requirements of the Danish Financial Statements Act. We did not identify any material misstatement of the Management's Review.

Notes

6. Significant events occurring after end of reporting period

No events have occurred after the balance sheet date to this date, which would influence the evaluation of this annual report.

7. Contingent liabilities

The company has guaranteed group enterprises' debt with Proventus Capital Partners IV AB, Proventus Capital Partners IV B AB and Proventus Capital Partners IV C KB. The guarantee amounts to EUR 40,0 million at 31 December 2020.

The company participates in a Danish joint taxation arrangement where Better Energy Holding A/S serves as the administration company. According to the joint taxation provisions of the Danish Corporation Tax Act, the company is therefore liable for income taxes etc. for the jointly taxed entities. The jointly taxed entities' total known net liability under the joint taxation arrangement is disclosed in the administration company's financial statements.

8. Assets charged and collateral

Shares in a group enterprise are placed as collateral for debt to Proventus Capital Partners IV AB. The carrying amount of pledged shares is DKK 114,4 million at 31 December 2020.

Shares in a group enterprise are placed as collateral for the group enterprise's bank debt. The carrying amount of pledged shares is DKK 1,7 million at 31 December 2020.

9. Ownership

Name and registered office of the parent company preparing consolidated statements for the smallest group: Better Energy Holding A/S, Frederiksberg.

10. Related parties

Better Energy Generation A/S, Frederiksberg, owns all the shares in the company. Please refer to note 5 for a list of subsidiaries.

Accounting policies

Reporting class

The annual report of Better Energy Denmark A/S for 2020 has been presented in accordance with the provisions of the Danish Financial Statements Act applying to enterprises of reporting class B with addition of certain provisions for reporting class C.

The accounting policies applied remain unchanged from last year.

Reporting currency

The annual report is presented in Danish kroner (DKK).

Consolidated financial statements

With reference to section 110 of the Danish Financial Statements Act, no consolidated financial statements have been prepared.

Recognition and measurement

Assets are recognised in the balance sheet when it is probable as a result of a prior event that future economic benefits will flow to the company, and the value of the assets can be measured reliably.

Liabilities are recognised in the balance sheet when the company has a legal or constructive obligation as a result of a prior event, and it is probable that future economic benefits will flow out of the company, and the value of the liabilities can be measured reliably.

On initial recognition, assets and liabilities are measured at cost. Measurement subsequent to initial recognition is affected as described below for each financial statement item. Anticipated risks and losses that arise before the time of presentation of the annual report and that confirm or invalidate affairs and conditions existing at the balance sheet date are considered at recognition and measurement.

Income is recognised in the income statement when earned, whereas costs are recognised by the amounts attributable to this financial year.

Foreign currency translation

On initial recognition, foreign currency transactions are translated applying the exchange rate at the transaction date. Receivables, payables and other monetary items denominated in foreign currencies that have not been settled at the balance sheet date are translated using the exchange rate at the balance sheet date.

Exchange differences that arise between the rate at the transaction date and the one in effect at the payment date or the rate at the balance sheet date are recognised in the income statement as financial income or financial expenses. Property, plant and equipment, intangible assets, inventories and other non-monetary assets that have been purchased in foreign currencies are translated using historical rates.

Income statement

Gross profit/loss

The company has decided to aggregate certain items of the income statement in accordance with the provisions of Section 32 of the Danish Financial Statements Act.

Gross profit or loss comprises revenue and other external expenses.

Revenue

Revenue is recognised net of VAT, duties and sales discounts and is measured at fair value of the consideration fixed.

Other external expenses

Other external expenses include expenses relating to the entity's ordinary activities, including expenses for

Accounting policies

stationery and office supplies, marketing costs, etc. This item also includes writedowns of receivables recognised in current assets.

Income from investments in group enterprises and associates

The items 'Income from investments in group enterprises and associates' in the income statement include the proportionate share of the profit or loss for the year and amortisation of goodwill on consolidation. Internal profits/losses are eliminated in full for subsidiaries and proportionately for associates.

Financial income

Financial income comprises interest income, including interest income on receivables from group enterprises, amortisation of financial assets, payables and transactions in foreign currencies, fair value adjustments of financial interests as well as tax relief under the Danish Tax Prepayment Scheme etc.

Financial expenses

Financial expenses comprise interest expenses, including interest expenses on payables to group enterprises, amortisation of financial liabilities, payables and transactions in foreign currencies, fair value adjustments of financial interests as well as tax surcharge under the Danish Tax Prepayment Scheme etc.

Tax on profit for the year

Tax for the year, which consists of current tax for the year and changes in deferred tax, is recognised in the income statement by the portion attributable to the profit for the year and recognised directly in equity by the portion attributable to entries directly in equity.

The company is jointly taxed with all Danish group entities. The current Danish income tax is allocated among the jointly taxed entities proportionally to their taxable income (full allocation with a refund concerning tax losses).

Balance sheet

Financial fixed assets

Equity investments in group enterprises and associates

Enterprises in which the company, directly or indirectly, holds more than 50% of the voting rights and exercises controlling influence are regarded as subsidiaries. Enterprises in which the company, directly or indirectly, holds between 20% and 50% of the voting rights and exercises significant, but not controlling, influence are regarded as associates.

Investments in subsidiaries and associates are recognised and measured according to the equity method. This means that investments are measured at the pro rata share of the enterprises' equity value plus unamortised goodwill and plus or minus unrealised intra-group profits or losses.

Any receivables from these enterprises are written down to net realisable value based on a specific assessment. If the company has a legal or constructive obligation to cover the liabilities of the relevant enterprise, and it is probable that such obligation is imminent, a provision is recognised that is measured at present value of the costs deemed necessary to incur to settle the obligation.

Upon distribution of profit or loss, net revaluation of investments in subsidiaries and associates is transferred to reserve for net revaluation according to the equity method under equity.

Investments in subsidiaries and associates are written down to the lower of recoverable amount and carrying amount.

The right for selling parties to receive dividends in subsidiaries and associates is measured at fair value and recognised as a part of investments in the subsidiaries/associates. Changes in fair value of selling parties' right to receive dividends are recognised in the income statement.

Accounting policies

Current assets

Receivables

Receivables are measured at amortised cost, usually equalling nominal value, less writedowns for bad and doubtful debts.

Impairment of accounts receivables past due is established on individual assessment of receivables.

Other receivables

Other receivables are measured at cost, usually corresponding to nominal value, less write-downs for bad and doubtful debts.

Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and in hand as well as short-term securities with a term of less than three months which can be converted directly into cash at bank and in hand and involve only an insignificant risk of value changes.

Current tax liabilities

Current tax liabilities and current tax receivables are recognised in the balance sheet as calculated tax on the expected taxable income for the year, adjusted for tax on taxable income for previous years as well as for tax prepaid.

Other payables

Other financial liabilities are measured at amortised cost, which usually corresponds to nominal value.
