## Notes

### 1. Significant events occurring after end of reporting period

No events have occurred after the balance sheet date to this date, which would influence the evaluation of this annual report.

### 2. Contingent liabilities

The company participates in a Danish joint taxation arrangement where Better Energy Holding A/S serves as the administration company. According to the joint taxation provisions of the Danish Corporation Tax Act, the company is therefore liable for income taxes etc for the jointly taxed entities, and for obligations, if any, relating to the withholding of tax on interest, royalties and dividend for the jointly taxed entities. The jointly taxed entities' total known net liability under the joint taxation arrangement is disclosed in the administration company's financial statements.

### 3. Group relations

Name and registered office of the parent company preparing consolidated statements for the smallest group: Better Energy Holding A/S, Business Registration No. 36950676, Frederiksberg.

## **Accounting policies**

### **Reporting class**

The annual report of Better Energy Haderup Estate IVS for 2020 has been presented in accordance with the provisions of the Danish Financial Statements Act applying to enterprises of reporting class B with addition of certain provisions for reporting class C.

The accounting policies applied remain unchanged from last year.

### **Reporting currency**

The annual report is presented in Danish kroner (DKK).

### **Recognition and measurement**

Assets are recognised in the balance sheet when it is probable as a result of a prior event that future economic benefits will flow to the company, and the value of the assets can be measured reliably.

Liabilities are recognised in the balance sheet when the company has a legal or constructive obligation as a result of a prior event, and it is probable that future economic benefits will flow out of the company, and the value of the liabilities can be measured reliably.

On initial recognition, assets and liabilities are measured at cost. Measurement subsequent to initial recognition is affected as described below for each financial statement item. Anticipated risks and losses that arise before the time of presentation of the annual report and that confirm or invalidate affairs and conditions existing at the balance sheet date are considered at recognition and measurement.

Income is recognised in the income statement when earned, whereas costs are recognised by the amounts attributable to this financial year.

## **Income statement**

### **Tax on profit for the year**

Tax for the year, which consists of current tax for the year and changes in deferred tax, is recognised in the income statement by the portion attributable to the profit for the year and recognised directly in equity by the portion attributable to entries directly in equity.

The company is jointly taxed with all Danish group entities. The current Danish income tax is allocated among the jointly taxed entities proportionally to their taxable income (full allocation with a refund concerning tax losses).

## **Balance sheet**

### **Current assets**

#### **Receivables**

Receivables are measured at amortised cost, usually equalling nominal value, less writedowns for bad and doubtful debts.
