Statement by Management on the Annual Report

Today, the Executive Board have discussed and approved the annual report of DSV Road Services A/S for the financial year 1 January 2023 - 31 December 2023.

The annual report, which has not been audited, has been prepared in accordance with the provisions of the Danish Financial Statements Act. The Executive Board considers the criteria for omission of audit to be met.

In our opinion, the financial statements give a true and fair view of the financial position of the Company at 31 December 2023 and of the results of the Company's operations for the financial year 1 January 2023 - 31 December 2023.

Further, in our opinion, the Management's review gives a fair review of the development in the Company's operations and financial matters and the result of the Company's operations and financial position.

We recommend that the Annual Report be approved at the Annual General Meeting.

Notes

1 Accounting policies

The 2023 annual report of DSV Road Services A/S has been prepared in accordance with the provisions in the Danish Financial Statements Act applying to reporting class B entities. Furthermore, the Company has chosen to comply with some of the rules applying for class C enterprises.

The amounts in the Annual Report are stated in Danish kroner (DKK) and rounded to the nearest thousands.

Foreign currency translation

On initial recognition, transactions denominated in foreign currencies are translated at the exchange rates at the transaction date. Foreign exchange differences arising between the exchange rate at the transaction date and the rate at the date of payment are recognised in the income statement as financial income or financial expenses.

Receivables and payables and other monetary items denominated in foreign currencies are translated at closing rates. The difference between the exchange rates at the balance sheet date and the date at which the receivable or payable arose or was recognised in the latest financial statements is recognised in the income statement as financial income or financial expenses.

Income statement

Net turnover

Revenue comprises services invoiced. All kinds of discounts, including cash discounts, are recognised under revenue. Revenue is measured exclusive of VAT and other taxes collected on behalf of third parties.

Staff costs

Staff costs include wages and salaries, pensions, social security costs and other staff costs.

Other external expenses

Other external expenses comprise expenses incurred during the year related to management and administration of the Company.

Financial income and expenses

Financial income and expenses comprise interest income and expense, realised and unrealised gains and losses on payables and transactions denominated in foreign currencies, amortisation of financial assets as well as surcharges and refunds under the on-account tax scheme, etc.

Tax for the year

Tax for the year comprises current tax for the year and changes in deferred tax. The tax expense relating to the profit/loss for the year is recognised in the income statement, and the tax expense relating to amounts directly recognised in equity is recognised directly in equity. The tax expense recognised in the income statement relating to the extraordinary profit/loss for the year is allocated to this item whereas the remaining tax expense is allocated to the profit/loss for the year from ordinary activities.

Financial statements 1 January – 31 December

Notes

1 Accounting policies (continued)

Balance sheet

Receivables

Receivables are measured at amortised cost.

Equity

Dividend

Dividend proposed for the year is recognised as a liability at the date when it is adopted at the annual general meeting (declaration date). Dividend expected to be distributed for the financial year is presented as a separate line item under "Equity".

Incentive programmes

The Company's incentive schemes include equity-settled share-based share option and warrants programmes which are settled in DSV A/S shares.

The value of the services, which the staff delivers in return for granting of options and warrants are measured at the fair value of the options and warrants.

The equity-settled share-based payment arrangements are measured at fair value at the time of granting and are recognised in the profit and loss account under staff costs during the period where the final right to the options or warrants is achieved. The counter item is directly recognised in equity.

In connection with the first recognition of share-based arrangements, the number of options and warrants which the staff are expected to gain right to is estimated subsequently, changes are adjusted for related to the number of the right of acquisition of options and warrants so that the total recognition is based on the actual number of rights of acquisition of options and warrants.

The fair value of the granted options and warrants is estimated by the use of the Black-Scholes valuation method. By the estimation terms and conditions related to the granted options and warrants are taken into account.

Corporation tax

Current tax liabilities and outstanding current tax are included in the balance sheet as tax calculated on the taxable income for the year adjusted for tax from previous years' taxable income and pre-paid taxes.

Current liabilities

Liabilities are valued at net realisable value.
