Management's Statement

The Executive Board have today considered and approved the Annual Report of 1 January 2020 - 31 December 2020 for Vedel & Roesen Holding ApS.

The Annual Report has been prepared in accordance with the Danish Financial Statements Act.

In our opinion, the consolidated financial statements and the financial statements give a true and fair view of the group's and the company's assets, liabilities and financial position as at 31 December 2020 and of the results of their activities and the consolidated cash flows for the financial year 1 January 2020 - 31 December 2020 for Vedel & Roesen Holding ApS.

In our opinion the Management's Review gives a true and fair statement regarding the content in the Management's Review."

We recommend the Annual Report approved at the Annual General Meeting.

Birkerød, 22 June 2021

Executive Board:

Lars Vedel Jørgensen

Mads Prag Roesen

Independent auditor's report

To the Shareholders of Vedel & Roesen Holding ApS

Opinion

We have audited the Consolidated Financial Statements and the Parent Company Financial Statements of Vedel & Roesen Holding ApS for the financial year 1 January 2020 - 31 December 2020, which comprise income statement, balance sheet, statement of changes in equity and notes, including a summary of significant accounting policies, for both the Group and the Parent Company, as well as consolidated statement of cash flows.

The Consolidated Financial Statements and the Parent Company Financial Statements are prepared under the Danish Financial Statements Act.

In our opinion, the Consolidated Financial Statements and the Parent Company Financial Statements give a true and fair view of the financial position of the Group and the Parent Company at 31 December 2020 and of the results of the Group and Parent Company operations as well as the consolidated cash flows for the financial year 1 January 2020 - 31 December 2020 in accordance with the Danish Financial Statements Act.

Basis of opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) and the additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the "Auditor's Responsibilities for the Audit of the Consolidated Financial Statements and the Parent Company Financial Statements" section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) and the additional requirements applicable in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these rules and requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of matter

Without changing our conclusion we must draw attention to uncertainties regarding receivables from sales in group enterprises, which has been written down with 3,5 mio.DKK and is accounted for at 4,7 mio.DKK in the subsidiary. Please see note 1.

Independent auditor's report

Management's Responsibilities for the Consolidated Financial Statements and the Parent Company Financial Statements

Management is responsible for the preparation of Consolidated Financial Statements and Parent Company Financial Statements that give a true and fair view in accordance with the Danish Financial Statements Act, and for such internal control as Management determines is necessary to enable the preparation of Consolidated Financial Statements and Parent Company Financial Statements that are free from material misstatement, whether due to fraud or error.

In preparing the Consolidated Financial Statements and the Parent Company Financial Statements, Management is responsible for assessing the Group's and the Parent Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting in preparing the Consolidated Financial Statements and the Parent Company Financial Statements unless Management either intends to liquidate the Group or the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements and the Parent Company Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements and the Parent Company Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users of accounting information taken on the basis of these Consolidated Financial Statements and Parent Company Financial Statements.

Independent auditor's report

As part of an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements and the Parent Company Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's and the Parent Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting in preparing the Consolidated Financial Statements and the Parent Company Financial Statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's and the Parent Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements and the Parent Company Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and contents of the Consolidated Financial Statements and the Parent Company Financial Statements, including the disclosures, and whether the Consolidated Financial Statements and the Parent Company Financial Statements represent the underlying transactions and events in a manner that gives a true and fair view.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

Independent auditor's report

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Statement on Management's Review

Management is responsible for Management's Review.

Our opinion on the Consolidated Financial Statements and the Parent Company Financial Statements does not cover Management's Review, and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements and the Parent Company Financial Statements, our responsibility is to read Management's Review and, in doing so, consider whether Management's Review is materially inconsistent with the Consolidated Financial Statements or the Parent Company Financial Statements or our knowledge obtained during the audit, or otherwise appears to be materially misstated.

Moreover, it is our responsibility to consider whether Management's Review provides the information required under the Danish Financial Statements Act.

Based on the work we have performed, we conclude that Management's Review is in accordance with the Consolidated Financial Statements and the Parent Company Financial Statements and has been prepared in accordance with the requirements of the Danish Financial Statement Act. We did not identify any material misstatement of Management's Review.

Description of key figures and financial ratios

Key ratios are in accordance with "Finansforeningens nøgletalsvejledning "Recommendations & Ratios". Ratios are presented below:

- Operating margin = Operating/Total assets
- Return on equity = profit for the year / Average equity
- Solvency ratio = Equity, end of year x 100 / Total assets

* = Key figures has not been corrected as a result of the change in accounting policies

Management's Review

Primary activities of the Company

Combineering Group is the leading Green Tech company - developing and improving methods for reducing carbon footprint and recycling of limited resources. The activities also includes logistics, recycling and safe destruction of industrial residues and waste products.

We provide our customers with the relevant domestic and cross-border services in form of both Development, Logistics and Compliance to ensure the best economically green solutions for all the customers.

Knowledge resources

The knowledge resources are based on our platform, processes and logistics, our employees' expertise and our long-term relationships with key customers, we support the growth strategy for the group to continue our leading role within circular economy in EU and rest of the world.

Specific risks

Risk Control

Active assessment and management of risks plays a central role in the Group's goal of ensuring stable earnings. Management seeks to identify, assess and control the risks to which the Group is exposed through policies and the establishment of internal procedures.

Financial risk

The risk is limited to the operations, due to limited other financial risk.

Currency risk

Many contracts are in either GBP or USD, but the group is trying to mitigate risk by making sure that input and output are in the same currency, but currency does influence profit and loss.

Environment

The group's core DNA is to develop new and improve existing methods for recycling and utilization of industrial waste and by-products which leads the customers to achieve a greener solution. Environment is thereby core business in the group and the group are investing many resources in developing environmental solutions.

Management's Review (continued)

Research and development activities

The DNA as well as the strategy results in uses of many resources for developing organisation and our platform to achieve our goals.

This also means activation of many resources and development costs see the notes.

Development in activities and financial affairs

The group's financial performance is considered acceptable, but not as expected previous year.

Expected development

The company's expected development is high growth and profitable operations.

Financing

Group is primarily funded by owners and banks.

Investments

The company has invested in Fixtures and Fittings in order to obtain sales and development project.

Significant events occurred after the end of the financial year

Covid-19

The spread of Coronavirus as well as a partial shutdown of society has led to greater financial uncertainty. The group is currently limited affected by the outbreak. At the current state it is not possible to fully evaluate the impact on the operations and financial situation of the company going.

Trade receivables

There are uncertainties concerning receivables from sales, that on the 31 December 2020 after reservation is accounted for with 4,7 MDKK. We could expect some loss on the receivable and therefore we have made a reservation in 2020. The estimate of the potential loss is based on limited information due to fact that they are awaiting information about debtor's ability to pay and the fact that the ultimate owners has issue a personal guarantee for payment, this is currently being pursued in a court case, which management expect to win.

The management will with all possible effort collect full amount from the debtors.

Other events

No other events materially affecting the financial position of the company have occurred after the end of the financial year.

Statement of special prerequisites for recognition and measurement of development projects.

The development project relates to the development and testing of Alternative Fuels, Biomass and recycling processed. The development projects are expected to generate increase turnover and profits for the coming years.

Some projects are expected to be finalized in 2021 and others have a longer development period.

There is a positive expectation of market demand for the developed new and improved products and that these products will help to realize the company's growth plans for the coming years.

24 Contingent liabilities

The company is a subsidiary in the group joint taxation with Vedel & Roesen Holding ApS. The companies in the joint taxation are jointly liable on corporation taxes and taxes on dividends, interest and royalties.

The company guarantee for debt between Combineering A/S and its banks. The debt at the balance sheet date t.DKK 1.402.

Accounting policies

The Annual Report has been prepared in accordance with the provisions of the Danish Financial Statements Act applying to enterprises of reporting class C (medium).

The accounting policies are consistent with those of last year.

General

Internal group restructuring

Regarding internal group restructurings the group applies the aggregating method (sammenlægningsmetoden). This also applies regarding comparative figures.

Reporting currency

The Annual Report is presented in Danish kroner (DKK).

In general regarding accounting and measuring

Income is recognized in the income statement when they are earned. Furthermore are all costs, depreciations and write downs recognized in the income statement when incurred.

Assets are recognized in the balance sheet when it is probable that future economical benefits will accrue to the company and the assets value can be measured reliably.

Liabilities are recognized in the balance sheet when it is probable that future economical benefits will be deducted from the company and the value can be measured reliably.

On initial recognition assets and liabilities are measured to cost price. Thereafter assets and liabilities are measured as described for each entry.

Anticipated risks and losses that arise before the time of presentation of the annual report and that confirm or invalidate affairs and conditions existing at the balance sheet date are considered at recognition and measurement.

Currency retranslation

Transactions denominated in foreign currency are translated into the functional currency at the exchange rates ruling at the date of the transaction. Exchange differences arising between the transaction date and the exchange rate at the date of actual payment are recognized in the income statement under financial income or financial expenses.

Accounting policies

Receivables, payables and other monetary items denominated in foreign currencies are translated into the functional currency at the exchange rates ruling at the balance sheet date. The difference between the exchange rates ruling at the balance sheet date and at the date when the receivable or payable arose is recognized in the income statement under financial income or financial expenses.

Non-current assets acquired in foreign currency are measured to the exchange rate ruling at the date of the transaction.

Income statement

Gross profit

With reference to section 32 of the Danish Financial Statement Act, the items “Revenue” to and including “Other external expenses” are consolidated into one item designated “Gross profit”.

Revenue

Revenue includes invoiced sales of goods and rendering of services, recognition is done, when

- delivery and transfer of risk to the buyer has taken place before year end
- a committing sales agreement exists
- sales price is determined, and
- payment is received, or there are reasonable security that it will be received

Revenue is recognized excluding value added tax and after deduction of provisions rebates and trade discounts relating to the sale.

Cost of sales

Cost of sales include costs incurred to achieve revenue for the year. Cost of sales include freight and forwarding costs.

Other external expenses

Other external expenses include expenses related to distribution, sale, advertising, administration, bad debt, premises, operating lease agreements etc.

Staff costs

Staff costs comprise costs such as wages and salaries, pension costs and other social security benefits ect. to the company's employees.

Accounting policies

Other operating income and expenses

Other operating income and expenses includes items of a secondary nature relative to the enterprise's core business.

Income from investments in group enterprises

The proportionate share of the results of group enterprises after tax is recognized in the income statement after the elimination of intercompany proceeds and deduction of goodwill depreciation and goodwill impairment losses.

Financial items

Financial income and expenses are recognized in the income statement with the amounts related to the year. Financial income and expenses comprise interest receivable and payable, realised and unrealised capital gains on securities and currency translation adjustments.

Tax expense

Tax on income for the year, consisting of the year's current tax and deferred tax, is recognized in the income statement to the extent that it relates to the income or loss for the year and on equity to the extent that it relates there to.

Balance sheet

Assets

Intangible assets

Development projects in progress

Development project are measured at historic cost less accumulated amortizations and impairment losses if they meet the criteria in Danish GAAP.

Historic cost comprise the purchase price and any costs directly attributable to the acquisition until the date when the asset is available for use.

Development project are amortizaed on a straight-line basis over the expected useful economic lives of the assets. Amortizations start when project are completed.

Impairment of intangible assets

The carrying amount of intangible assets is every year reviewed in order to determine if there are indications of impairment exceeding the amount expressed by amortisations. If this is the case a impairment test is carried out in order to determine if the recoverable amount is lower than the carrying amount. The assets are written down to this lower value.

Accounting policies

Recoverable amount for the asset is determined as the highest value of net sales price and the capital value. If it is not possible to determine the recoverable amount for the individual asset, assets are assessed together with the smallest group of assets where it is possible to determine a reliable evaluation of the recoverable amount.

Assets where it is not possible to determine an individual capital value because the asset does not generate future cash flows is assessed together with the group of assets which they can be attributed to.

Property, plant and equipment

Property, plant, fixtures, fittings, tools and equipment are measured at historic cost less accumulated depreciation and impairment losses.

Historic cost comprise the purchase price and any costs directly attributable to the acquisition until the date when the asset is available for use.

Assets are depreciated on a straight-line basis over the expected useful economic lives of the assets:

	<u>Useful life</u>	<u>Expected scrap value</u>
Land and buildings	25 years	0%
Fixtures, fittings, tools and equipment	3-5 years	0-20%

Asset acquisitions below the taxable limit is fully written off in the year of acquisition.

Gains and losses on disposals are determined as the difference between selling price less sales cost and carrying amount at time of disposal and are recognized in the income statement. Gain or loss is recognized under other operating income or expenses.

Impairment of property, plant and equipment

The carrying amount of property, plant and equipment is every year reviewed in order to determine if there are indications of impairment exceeding the amount expressed by depreciations and amortisations. If this is the case an impairment test is carried out in order to determine if the recoverable amount is lower than the carrying amount. The assets are written down to this lower value.

Accounting policies

Recoverable amount for the asset is determined as the highest value of net sales price and the capital value. If it is not possible to determine the recoverable amount for the individual asset, assets are assessed together with the smallest group of assets where it is possible to determine a reliable evaluation of the recoverable amount.

Assets where it is not possible to determine an individual capital value because the asset does not generate future cash flows is assessed together with the group of assets which they can be attributed to.

Leases

Leases of fixed assets where the company has substantially all the risks and rewards of ownership (finance leases) are recognized in the balance sheet as assets. The assets are measured initially calculated cost equal to the fair value or (if lower) the present value of future lease payments. In calculating the present value the internal interest rate of the leases, discount rate or an approximated value is used. Finance leases are depreciated like other similar assets.

The capitalized remaining lease obligation is recognized in the balance sheet as a liability, lease payment interest is recognized over the term of the income statement. All other leases are classified as operating leases. Payments considered operating leases are recognized in the income statement over the lease term. The company's total liability relating to operating leases and lease liabilities is disclosed in the notes.

All other leases are operating leases. Payments related to operating leases and other leases are recognized in the income statement over the lease term. The company's total liability relating to operating leases and lease liabilities is disclosed in the notes.

Financial fixed assets

Investments in group enterprises

Investments in group enterprises are recognized according to the equity method and measured at the proportionate share of the entities' net asset values calculated in accordance with the parent company's accounting policies minus or plus the proportionate share of unrealised intercompany proceeds and minus or plus the carrying amount of goodwill measured according

Investments in group enterprises with a negative net asset value are measured at value of DKK 0. Any receivables from group enterprises are written down by the share at the negative net asset value if the amount owed is irrecoverable. If the negative net asset value exceeds the receivable, the remaining amount is recognized under provisions to the extent the parent company has a legal or constructive obligation to cover the negative net assets of the group

Accounting policies

Net revaluation of investments in group enterprises is transferred to the reserve for net revaluation according to the equity method in equity to the extent that the carrying amount exceeds purchase price deducted goodwill depreciation.

Acquired enterprises or newly founded enterprises are recognized in the financial statements from the date of acquisition or foundation. Enterprises sold or disposed are recognized until the

Gains or losses on disposal of group enterprises are determined as the difference between the sales amount and the carrying amount of net assets at the time of disposal, including non-depreciated goodwill and estimated costs of disposal. Gains and losses are recognized in the income statement under financial income or financial expenses.

Inventories

Inventories are measured at cost in accordance with the FIFO method. Where the net realisable value is lower than cost, inventories are written down to this lower value.

Goods for resale, raw materials and consumables comprises purchase price plus delivery costs.

The cost of finished goods and work in progress comprises the cost of raw materials, direct labor and direct production costs.

The net realisable value of inventories is determined taking into account marketability, obsolescence and development in expected sales price less completion costs and costs incurred

Receivables

Receivables are measured at amortized cost which corresponds in all material respects to nominal value. The value is reduced with provisions for expected bad debts.

Deferred income

Deferred income, recognized under liabilities, comprise income concerning subsequent financial years.

Other short-term investments

When it is likely that the total cost will exceed the total income on a specific task, the expected loss will be recognized in the in income statement.

Cash and bank balances

Cash comprises cash balances and bank balances.

Accounting policies

Dividends

Dividends expected to be paid in respect of the year are stated as a separate line item under equity.

Current tax and current deferred tax

Current tax liabilities and current tax assets are recognized in the balance sheet as estimated tax on the taxable income for the year, adjusted for change in tax on prior years' taxable income and for tax paid under the on-account tax scheme.

Deferred tax is measured according to the balance sheet liability method on all timing differences between the tax and accounting value of assets and liabilities.

Deferred tax assets, including the tax value of tax loss carryforwards, are recognised at the expected value of their utilisation within the foreseeable future; either as a set-off against tax on future income or as a set-off against deferred tax liabilities in the same legal tax entity. Any deferred net assets are measured at net realisable value.

Deferred income tax is measured using tax rules and tax rates that apply by the balance sheet date when the deferred tax asset is realised or the deferred income tax liability is settled. The change in deferred tax as a result of changes in tax rates is recognized in the income statement.

Liabilities

Borrowings are recognized at the time the loans are obtained and are initially measured at the proceeds received less transaction costs. In the subsequent periods, financial liabilities are measured at amortized cost, applying the 'effective interest rate method', to the effect that the difference between the proceeds and the nominal value is recognized in the income statement under financial expenses over the term of the loan.

Mortgage debt is recognized at amortized cost price, which for cash loans is equal to outstanding loan. For bond loans amortized cost price equals the underlying cash value at time of borrowing regulated with an exchange rate at the time of borrowing depreciated over the

Other liabilities are measured at amortized cost, corresponding to the nominal value.

Cash flow statement

The cash flow statement shows the group's cash flows divided into operating activity, investing activity and financing activity for the year, the year's change in cash and the group's cash at the beginning and end of the year.

A separate cash flow statement has not been prepared for the parent company, as this is included in the cash flow statement for the group.

Accounting policies

Likviditetsvirkningen af køb og salg af virksomheder vises separat under pengestrømme fra investeringsaktivitet. I pengestrømsopgørelsen indregnes pengestrømme vedrørende købte virksomheder fra anskaffelsestidspunktet, og pengestrømme vedrørende solgte virksomheder indregnes frem til salgstidspunktet

Cash flows from operating activities

Cash flows from operating activities are calculated as the Group's share of the result adjusted for non-cash operating items, changes in working capital and corporation tax paid.

Cash flows from investing activities

Cash flows from investing activities include payments in connection with the purchase and sale of companies and activities as well as the purchase and sale of intangible, tangible and financial fixed assets

Cash flows from financing activities

Cash flows from financing activities include changes in the size or composition of the group's share capital and costs associated with this, as well as raising loans, repayments on interest-bearing debt and paying dividends to shareholders.

Cash

Cash and cash equivalents comprise cash and cash equivalents, including deposits with banks as well as cash and cash equivalents converted at the exchange rate on the balance sheet date less debt to banks.
