## **Management's report**

---

Today, the managing director has presented the annual report of VD Holding Denmark ApS for the financial year 1 January - 31 December 2020.

The annual report has been presented in accordance with the Danish Financial Statements Act.

I consider the accounting policies appropriate and, in my opinion, the financial statements provide a fair presentation of the company's assets, equity and liabilities, and financial position at 31 December 2020 and of the company's results of activities in the financial year 1 January – 31 December 2020.

The managing director consider the conditions for audit exemption of the 2020 financial statements to be met.

I am of the opinion that the management commentary presents a fair account of the issues dealt with.

I recommend that the annual report be approved by the general meeting.

Hørsholm, 29 June 2021

**Managing Director**

Verners Dobelis

## **Auditor's report on compilation of the financial statements**

---

### **To the shareholder of VD Holding Denmark ApS**

We have compiled the financial statements of VD Holding Denmark ApS for the financial year 1 January - 31 December 2020 based on the company's bookkeeping and on further information provided by you.

The financial statements comprise the income statement, statement of financial position, statement of changes in equity, notes and accounting policies.

We performed this engagement in accordance with the international standard ISRS 4410 applying to compilation engagements.

We have applied our professional expertise to assist you in the preparation and presentation of the financial statements in accordance with the Danish Financial Statements Act. We have complied with relevant requirements of the Danish Act on Approved Auditors and Audit Firms and with ethical requirements of the Danish Institute of State Authorised Public Accountants, including principles of integrity, objectivity, professional competence and due care.

The financial statements and the accuracy and completeness of the information used to compile them are your responsibility.

As a compilation engagement is not an assurance engagement, we are not required to verify the accuracy or completeness of the information you provided to us in order to compile the financial statements. Accordingly, we express neither an audit opinion nor a review opinion as to whether the financial statements have been compiled in accordance with the Danish Financial Statements Act.

Copenhagen, 29 June 2021

## **Accounting policies**

---

The annual report for VD Holding Denmark ApS has been presented in accordance with the Danish Financial Statements Act regulations concerning reporting class B enterprises. Furthermore, the company has decided to comply with certain rules applying to reporting class C enterprises.

### **Changes in the accounting policies**

As a result of the December 27, 2018 update to the Danish Financial Statements Act the classification of the accounting “associates” has been changed in accordance with the rule. Investments that formerly was presented as "associates" will from now on be presented under “equity interests”.

The change of classification will not affect the profit of the year or balance sheet for this year or the previous.

The comparative figures are adapted to the classification change.

Except from the above, the accounting policies are unchanged from last year.

### **Recognition and measurement in general**

Income is recognised in the income statement concurrently with its realisation, including the recognition of value adjustments of financial assets and liabilities. Likewise, all costs are recognised in the income statement, including depreciations amortisations, writedowns for impairment, provisions, and reversals due to changes in estimated amounts previously recognised in the income statement.

Assets are recognised in the statement of financial position when it seems probable that future economic benefits will flow to the company and the value of the asset can be reliably measured.

Liabilities are recognised in the statement of financial position when it is seems probable that future economic benefits will flow out of the company and the value of the liability can be reliably measured.

Assets and liabilities are measured at cost at the initial recognition. Hereafter, assets and liabilities are measured as described below for each individual accounting item.

Certain financial assets and liabilities are measured at amortised cost, allowing a constant effective interest rate to be recognised during the useful life of the asset or liability. Amortised cost is recognised as the original cost less any payments, plus/less accrued amortisations of the difference between cost and nominal amount. In this way, capital losses and gains are allocated over the useful life of the liability.

Upon recognition and measurement, allowances are made for such predictable losses and risks which may arise prior to the presentation of the annual report and concern matters that exist on the reporting date.

## Accounting policies

---

### Income statement

#### **Gross loss**

Gross loss includes other external costs.

Other external costs includes administration costs.

#### **Financial income and expenses**

Financial income and expenses are recognised in the income statement with the amounts concerning the financial year. Financial income and expenses comprise interest income and expenses, financial expenses from financial leasing, realised and unrealised capital gains and losses relating to securities, debt and transactions in foreign currency, amortisation of financial assets and liabilities as well as surcharges and reimbursements under the advance tax scheme, etc.

#### **Results from equity investment in equity interest**

Dividend from equity investment is recognised in the financial year in which the dividend is declared.

#### **Tax on net profit or loss for the year**

Tax for the year comprises the current income tax for the year and changes in deferred tax and is recognised in the income statement with the share attributable to the net profit or loss for the year and directly in equity with the share attributable to entries directly in equity.

### Statement of financial position

#### **Impairment loss relating to non-current assets**

The carrying amount of both intangible and tangible fixed assets as well as equity investment in equity interest are subject to annual impairment tests in order to disclose any indications of impairment beyond those expressed by amortisation and depreciation respectively.

If indications of impairment are disclosed, impairment tests are carried out for each individual asset or group of assets, respectively. Writedown for impairment is done to the recoverable amount if this value is lower than the carrying amount.

The recoverable amount is the higher value of value in use and selling price less expected selling cost. The value in use is calculated as the present value of the expected net cash flows from the use of the asset or the asset group and expected net cash flows from the sale of the asset or the asset group after the end of their useful life.

Previously recognised impairment losses are reversed when conditions for impairment no longer exist. Impairment relating to goodwill is not reversed.

## **Accounting policies**

---

### **Investments**

#### **Equity investment in equity interest**

Equity investment in equity interest is measured at cost. If the recoverable amount is lower than the cost, writedown for impairment is done to match this lower value.

#### **Cash on hand and demand deposits**

Cash on hand and demand deposits comprise cash at bank and on hand.

### **Equity**

#### **Share premium**

Share premium comprises premium payments made in connection with the issue of shares. Costs incurred for carrying through an issue are deducted from the premium.

The premium reserve can be used for dividend, for issuing bonus shares, and for covering losses.

#### **Liabilities other than provisions**

Other liabilities concerning payables to suppliers, group enterprises, and other payables are measured at amortised cost which usually corresponds to the nominal value.
