Management's Statement

Today, Management has considered and adopted the Annual Report of All2plan ApS for the financial year 1 January 2022 - 31 December 2022.

The Annual Report is presented in accordance with the Danish Financial Statements Act.

In my opinion, the Financial Statements give a true and fair view of the assets, liabilities and financial position of the Company at 31 December 2022 and of the results of the Company's operations for the financial year 1 January 2022 - 31 December 2022.

In my opinion, the Management's Review includes a true and fair account of the matters addressed in the review.

The conditions for not conducting an audit of the Financial Statement have been met.

We recommend that the Annual Report be adopted at the Annual General Meeting.

Management's Review

The Company's principal activities

The Company's principal activities consist in owning shares in other companies.

Development in activities and the financial situation

The Company's Income Statement of the financial year 1 January 2022 - 31 December 2022 shows a result of DKK -17.866 and the Balance Sheet at 31 December 2022 a balance sheet total of DKK 167.111 and an equity of DKK 12.654.

Post financial year events

After the end of the financial year, no events have occurred which may change the financial position of the entity substantially.

Going Concern

The company has lost more than 50% of its contributed capital, and are therefore subject to the company law. The company has obtained a Letter of support and the owner will financially in the form of a loan to the extent necessary to enable it to close out its operations and to settle its financial obligations including any tax obligations.

Accounting Policies

Reporting Class

The annual report of All2plan ApS for 2022 has been presented in accordance with the provisions of the Danish Financial Statements Act applying to enterprises of reporting class B, with the adoption of individual rules from class C.

The accounting policies applied remain unchanged from last year.

Reporting currency

The annual report is presented in Danish kroner.

Translation policies

Transactions in foreign currencies are translated into DKK at the exchange rate prevailing at the date of transaction. Monetary assets and liabilities in foreign currencies are translated into DKK based on the exchange rates prevailing at the balance sheet day. Realised and unrealised foreign exchange gains and losses are included in the income statement under financial income and expenses.

General information

Basis of recognition and measurement

The financial statement have been prepared under the historical cost principle.

Income is recognised in the income statement as it is earned, including value adjustments of financial assets and liabilities that are measured at fair value or amortized cost. Moreover, all expenses incurred to achieve the earnings for the year are recognised in the income statement, including depreciation, amortization, impairment losses and provisions as well as reversals due to changed accounting estimates of amounts that have previously been recognised in the income statement.

Assets are recognised in the balance sheet when it is probable that future economic benefits attributable to the asset will accrue to the Company, and the value of the asset can be measured reliably.

Liabilities are recognised in the balance sheet when it is probable that future economic benefits attributable to the asset will flow out of the Company, and the value of the liability can be measured reliably.

At initial recognition, assets and liabilities are measured at cost. Subsequently, assets and liabilities are measured as described for each item below.

Certain financial assets and liabilities are measured at amortised cost, which involves the recognition of a constant effective interest rate over the term. Amortised cost is calculated as original cost less repayments and with the addition/deduction of the accumulated amortisation of the difference between the cost and the nominal amount. This way, exchange losses and gains are allocated over the term.

In connection with recognition and measurement, consideration is given to predictable losses and risks occurring prior to the presentation of the financial statement, i.e. losses and risks which prove or disprove matters which exist at the balance sheet date.

Accounting Policies

Income statement

Gross profit/loss

The Company has decided to aggregate certain items of the income statement in accordance with the provisions of Section 32 of the Danish Financial Statements Act.

Gross profit is a combination of the items of other external expenses.

Other external expenses

Other external expenses include expenses for distribution, sales, advertising, administration, premises, bad debts, operating leasing expenses etc.

Income from investments in group enterprises and associates

Income from equity investments comprises dividends received from group enterprises and associates so far as they do not exceed the accumulated earnings in the group enterprise or the associate during the ownership period.

Financial expenses

Financial expenses are recognised in the income statement based at the amounts that concern the financial year. Financial expenses include interest revenue and expenses and surcharges and allowances under the advance-payment of tax scheme.

Tax on net profit for the year

Tax on net profit/loss for the year comprises current tax on expected taxable income of the year and the year's adjustment of deferred tax less the part of the tax of the year that relates to changes in equity. Current and deferred tax regarding changes in equity is recognised directly in equity.

The Company and the Danish associates are taxed jointly. The Danish income tax is distributed between profit- and loss-making Danish enterprises in relation to their taxable income (full distribution).

Balance sheet

Equity investments in group enterprises and associates

Equity investments in group enterprises and associates are measured at cost. Dividends that exceed accumulated earnings of the group enterprise or the associate during the ownership period are treated as a reduction of the cost. If cost exceeds the net realizable value, a write-down to this lower value will be performed.

Receivables

Receivables are measured at amortized cost which usually corresponds to the nominal value. The value is reduced by write-downs for expected bad debts.

Impairment of accounts receivables past due is established on individual assessment of receivables.

Cash and cash equivalents

Cash and cash equivalents comprise cash at bank.

Equity

Equity comprises the working capital and a number of equity items that may be statutory or stipulated in the articles of association.

Proposed dividend for the year is recognised as a separate item in equity.

Accounting Policies

Deferred tax

Deferred tax and the associated adjustments for the year are determined according to the liability method as the tax base of all temporary differences between carrying amounts and the tax bases of assets and liabilities.

Deferred tax assets, including the tax base of tax losses allowed for carryforward, are recognised at the value at which they are expected to be used, either by elimination in tax on future earnings or by set-off against deferred tax liabilities in enterprises within the same legal entity and jurisdiction.

Deferred tax is measured on the basis of the tax rules and tax rates that will be effective under the legislation applicable at the balance sheet date when the deferred tax is expected to crystallize as current tax.

Current tax liabilities

The Company are jointly and severally liable as the administration company for subsidiaries corporate taxes to the tax authorities.

Liabilities

Other liabilities are measured at net realisable value.

Other payables

Other payables are measured at amortized cost, which usually corresponds to the nominal value.

Contingent assets and liabilities

Contingent assets and liabilities are not recognised in the Balance Sheet but appear only in the notes.
