Management's Statement

Today, Management has considered and adopted the Annual Report of Syntio ApS for the financial year 1 January 2020 - 31 December 2020.

The Annual Report is presented in accordance with the Danish Financial Statements Act.

In our opinion, the Financial Statements give a true and fair view of the assets, liabilities and financial position of the Company at 31 December 2020 and of the results of the Company's operations for the financial year 1 January 2020 - 31 December 2020.

In our opinion, the Management's Review includes a true and fair account of the matters addressed in the review.

The conditions for not conducting an audit of the Financial Statement have been met.

We recommend that the Annual Report be adopted at the Annual General Meeting.

Date of formation 8 February 2019

Executive Board Tomislav Domanovac, Manager

Davorin Cetto, Manager

Management's Review

The Company's principal activities

The Company's principal activities consist in consulting, implementation, development and vending of software.

Development in activities and financial matters

The Company's Income Statement of the financial year 1 January 2020 - 31 December 2020 shows a result of DKK 74.402 and the Balance Sheet at 31 December 2020 a balance sheet total of DKK 583.469 and an equity of DKK 558.539.

Post financial year events

After the end of the financial year, no events have occurred which may change the financial position of the entity substantially.

Expectations for the future

The Company expects its operations to develop positively next year.

The outbreak of COVID-19 is of great importance to the world economy. The Danish Government has launched some initiatives to mitigate its effects.

Consequences of COVID-19 are considered by management as an event that occurred after the balance sheet date (December 31, 2020) and therefore constitute a non-regulatory event for the company.

The Management is closely following the evolution of COVID-19 and its impact on the company. At present, it is not possible to assess the impact on the annual report for 2021, which is why the management cannot comment more specifically on this.

Accounting Policies

Reporting Class

The Annual Report of Syntio ApS for 2020 has been presented in accordance with the provisions of the Danish Financial Statements Act applying to enterprises of reporting class B with the adoption of individual rules from class C.

The accounting policies applied remain unchanged from last year.

Reporting currency

The Annual Report is presented in Danish kroner.

Translation policies

Transactions in foreign currencies are translated into DKK at the exchange rate prevailing at the date of transaction. Monetary assets and liabilities in foreign currencies are translated into DKK based on the exchange rates prevailing at the balance sheet day. Realised and unrealised foreign exchange gains and losses are included in the Income Statement under Financial Income and Expenses.

General Information

Basis of recognition and measurement

The financial statement have been prepared under the historical cost princip.

Income is recognised in the Income Statement as it is earned, including value adjustments of financial assets and liabilities that are measured at fair value or amortised cost. Moreover, all expenses incurred to achieve the earnings for the year are recognised in the Income Statement, including depreciation, amortisation, impairment losses and provisions as well as reversals due to changed accounting estimates of amounts that have previously been recognised in the Income Statement.

Assets are recognised in the Balance Sheet when it is probable that future economic benefits attributable to the asset will accrue to the Company, and the value of the asset can be measured reliably.

Liabilities are recognised in the Balance Sheet when it is probable that future economic benefits attributable to the asset will flow out of the Company, and the value of the liability can be measured reliably.

At initial recognition, assets and liabilities are measured at cost. Subsequently, assets and liabilities are measured as described for each item below.

Certain financial assets and liabilities are measured at amortised cost, which involves the recognition of a constant effective interest rate over the term. Amortised cost is calculated as original cost less repayments and with the addition/deduction of the accumulated amortisation of the difference between the cost and the nominal amount. This way, exchange losses and gains are allocated over the term.

In connection with recognition and measurement, consideration is given to predictable losses and risks occurring prior to the presentation of the Annual Report, i.e. losses and risks which prove or disprove matters which exist at the balance sheet date.

Accounting Policies

Income Statement

Gross profit/loss

The Company has decided to aggregate certain items of the Income Statement in accordance with the provisions of Section 32 of the Danish Financial Statements Act.

Gross profit is a combination of the items of revenue, direct costs and other external expenses.

Revenue

Income from delivery of services is recognised on a straight-line basis in net sales, as the service is delivered.

External expenses

Other external expenses

Other external costs include costs for distribution, sales, advertising, administration, premises. loss of debitors, operating leasing costs etc.

Staff expenses

Staff expenses comprise wages, salaries and other pay-related costs, such as sickness benefits for enterprise employees less wage/salary reimburdement, pensions and social security costs.

Other staff expenses are recognised in other external expenses.

Amortisation and impairment of tangible and intangible assets

Amortisation and impairment of intangible and tangible assets has been performed based on a continuing assessment of the useful life of the assets in the Company. Non-current assets are amortised on a straight line basis, based on cost, on the basis of the following assessment of useful life and residual values:

		Residual
	Useful life	value
Other fixtures and fittings, tools and equipment	3-10 years	0%

Profit or loss resulting from the sale of intangible or tangible assets is determined as the difference between the selling price less selling costs and the carrying amount at the date of sale, and is recognised in the Income Statement under other operating income or expenses.

Financial income and expenses

Financial income and expenses are recognised in the Income Statement based on the amounts that concern the financial year. Financial income and expenses include interest revenue and expenses, finance charges in respect offinance leases, realised and unrealised capital gains and losses regarding securities, accounts payable and transactions in foreign currencies, repayment on mortgage loans, and surcharges and allowances under the tax prepayment scheme.

Dividends equity investments are recognised as income in the financial year in which the dividends are declared.

Tax on net profit for the year

Tax on net profit/loss for the year comprises current tax on expected taxable income of the year and the year's adjustment of deferred tax less the part of the tax of the year that relates to changes in equity. Current and deferred tax regarding changes in equity is recognised directly in equity.

Accounting Policies

Balance Sheet

Tangible assets

Tangible assets are measured at cost on initial recognition and subsequently at cost less accumulated depreciation and impairment losses.

The depreciable amount is calculated taking into consideration the residual value of the asset at the end of its useful life, reduced by impairment losses, if any. The depreciation period and the residual value are determined at the data of acquisition. If the residual value exceeds the carrying amount of the asset, depreciation is discontinued.

In case of changes in depreciation period or residual value, the effect of a change in depreciation period is recognised prospectively in accounting estimates.

Cost includes the purchase priceand expenses directly related to the acquisition until the time when the asset is ready for use. The cost of self-constructed assets includes costs for materials, components, subcontractors, direct payroll costs and indirect production costs.

The cost of composite asset is disaggregated into components, which are seperately depreciated if the usefull lives of the individual components differ.

Receivables

Receivables are measured at amortised cost which usually corresponds to the nominal value. The value is reduced by write-downs for expected bad debts.

Impairment of accounts receivables past due is established on individual assessment of receivables.

Other receivables concist of VAT receivable.

Cash and cash equivalents

Cash and cash equivalents comprise cash at bank.

Eauity

Equity comprises the working capital and a number of equity items that may be statutory or stipulated in tha articles of association.

Proposed dividend for the year is recognised as a separate item in equity.

Current tax liabilities

Current tax liabilities and current tax receivables are recognised in the Balance Sheet as calculated tax on the expected taxable income for the year, adjusted for tax on taxable income for previous years as well as for tax prepaid.

Liabilities

Other liabilities, comprising deposits, trade payables and other accounts payable, are measured at amortised cost, which usually corresponds to the nominal value.

Other payables

Other payables are measured at amortised cost, which usually corresponds to the nominal value

Contingent assets and liabilities

Contingent assets and liabilities are not recognised in the Balance Sheet but appear only in the notes.
