# Ledelsesberetning

The company was established in June to take better advantage of the opportunities offered by the Accelerace acceleration program and the cooperation with Soundhub in Struer.

In the fall, GigsGuide participated in the MusicWorX acceleration program in Hamburg, Germany. Here we received some funding and established many useful connections in the German and International music industries. The program also helped us refine our value proposition further.

At the end of 2019, GigsGuide also led a consortium in the application for funding from Creative Europe as part of the call for projects to stimulate cooperation between small venues. The results of this application were expected at the end of March 2020. Sadly, the processing of the applications is delayed and still at the end of July 2020 the EU Commission was unable to provide a target date for their release.

We began 2020 with growing traffic to the site and great expectations for partnerships with Club Associations and Tourist Boards. Unfortunately, the Covid-19 pandemic set a stop to all that for the foreseeable future.

We pivoted the site to show listings of live streamed concerts. This has been good for the brand and attracted some traffic to the site. However, while the growth in the user base bodes well for a future when people can go back to travel and attend shows, for the moment the company is left with zero revenue.

Management considers the conditions for opting out of audit to be met.
