STATEMENT BY MANAGEMENT ON THE ANNUAL REPORT

The executive board has today discussed and approved the annual report of WSG Holding ApS for the financial year 1 July 2021 - 31 December 2022.

The annual report is prepared in accordance with the Danish Financial Statements Act.

In my opinion, the financial statements give a true and fair view of the company's financial position at 31 December 2022 and of the results of the company's operations for the financial year 1 July 2021 - 31 December 2022.

In my opinion, management's review includes a fair review of the matters dealt with in the management's review.

Management recommends that the annual report should be approved by the company in general meeting.

INDEPENDENT AUDITOR'S REPORT

To the shareholder of WSG Holding ApS

Opinion

We have audited the financial statements of WSG Holding ApS for the financial year 1 July 2021 - 31 December 2022, which comprise a summary of significant accounting policies, income statement, balance sheet, statement of changes in equity and notes. The financial statements are prepared under the Danish Financial Statements Act.

In our opinion, the financial statements give a true and fair view of the company's financial position at 31 December 2022 and of the results of the company's operations for the financial year 1 July 2021 - 31 December 2022 in accordance with the Danish Financial Statements Act.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) and the additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the "Auditor's responsibilities for the audit of the financial statements" section of our report. We are independent of the company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) and the additional requirements applicable in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these requirements and IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Material uncertainty related to going concern

We draw the attention to note 1 in the financial statements, stating the company realized a loss in the financial year ending 31 December 2022 and the Company's current liabilities at this date exceed its current assets. In combination with other matters described in note 1, these matters indicate that material uncertainty exists that may cast significant doubt on the Company's ability to continue as going concern. Our opinion is not modified in respect of this matter.

Other matter

Effective from this financial year, the Company is subject to the statutory audit requirement. As stated in the financial statements, we point out that the comparative figures in the financial statements have not been audited.

Management's responsibilities for the financial statements

Management is responsible for the preparation of financial statements, that give a true and fair view in accordance with the Danish Financial Statements Act and for such internal control as management determines is necessary to enable the preparation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting in preparing the financial statements unless management either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

INDEPENDENT AUDITOR'S REPORT

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting in preparing the financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and contents of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that gives a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Statement on management's review

Management is responsible for management's review.

Our opinion on the financial statements does not cover management's review, and we do not express any form of assurance conclusion thereon.

INDEPENDENT AUDITOR'S REPORT

In connection with our audit of the financial statements, our responsibility is to read management's review and, in doing so, consider whether management's review is materially inconsistent with the financial statements or our knowledge obtained during the audit, or otherwise appears to be materially misstated.

Moreover, it is our responsibility to consider whether management's review provides the information required under the Danish Financial Statements Act.

Based on the work we have performed, we conclude that management's review is in accordance with the financial statements and has been prepared in accordance with the requirements of the Danish Financial Statements Act. We did not identify any material misstatement of management's review.

MANAGEMENT'S REVIEW

Business review

The company operates as a provider of office facilities through Regus Management ApS, which company operates as a manager of the Regus activities in Denmark.

Financial review

The company's income statement for the year ended 31 December 2022 shows a loss of DKK 4.563.260, and the balance sheet at 31 December 2022 shows negative equity of DKK 3.504.398.

Material uncertainty related to going concern:

The company has realized a loss in the financial year ending 31 December 2022 and the Company's current liabilities at this date exceed its current assets.

The company is dependent on IWG Group regularly provide sufficient and necessary liquidity to ensure that the company is able to fulfill its obligations and liabilities as they fall due until the annual general meeting where the annual report for 2023 will be approved.

No commitment in financial support has been provided from IWG Group, which indicate that a material uncertainty exist and may cast significant doubt on the Company's ability to continue as a going concern.

Management however expect that IWG Group have the ability and intention to provide necessary financial support as in previous years. On this basis the financial statements for the year ended 31 December 2022 has been prepared on a going concern basis.

Significant events occurring after the end of the financial year

No events have occurred after the balance sheet date which could significantly affect the company's financial position.

The company's knowledge resources if of particular importance to its future earnings

The Company has budgetary and financial reporting procedures, supported by appropriate key performance indicators, to manage credit, liquidity and other financial risk.

Key performance indicators used by management include assessment of turnover, occupancy rates and profitability per unit.

ACCOUNTING POLICIES

The annual report of WSG Holding ApS for 2021/22 has been prepared in accordance with the provisions of the Danish Financial Statements Act applying to enterprises of reporting class B. Effective from this financial year, the Company is subject to the statutory audit requirement. The comparative figures in the financial statements have not been audited.

The accounting policies applied are consistent with those of last year.

The annual report for 2021/22 is presented in DKK

The financial year 2021/22 is 18 months and comparative figures are only 12 months. This is due to adapt to the group's accounting policies.

Pursuant to sections §110 subsection 1, of the Danish Financial Statements Act, the company has not prepared consolidated financial statements.

Basis of recognition and measurement

Income is recognised in the income statement as earned, including value adjustments of financial assets and liabilities. All expenses, including amortisation, depreciation and impairment losses, are also recognised in the income statement.

Assets are recognised in the balance sheet when it is probable that future economic benefits will flow to the company and the value of the asset can be measured reliably.

Liabilities are recognised in the balance sheet when it is probable that future economic benefits will flow from the company and the value of the liability can be measured reliably.

On initial recognition, assets and liabilities are measured at cost. On subsequent recognition, assets and liabilities are measured as described below for each individual accounting item.

Certain financial assets and liabilities are measured at amortised cost using the effective interest method. Amortised cost is calculated as the historic cost less any installments and plus/less the accumulated amortisation of the difference between the cost and the nominal amount.

On recognition and measurement, allowance is made for predictable losses and risks which occur before the annual report is presented and which confirm or invalidate matters existing at the balance sheet date.

Income statement

Gross loss

In pursuance of section 32 of the Danish Financial Statements Act, the company does not disclose its revenue.

Gross loss reflects an aggregation of revenue, consumables and other external expenses.

Other external expenses

Other external expenses include expenses related to distribution, sale, advertising, administration, premises, bad debts, payments under operating leases, etc.

ACCOUNTING POLICIES

Financial income and expenses

Financial income and expenses are recognised in the income statement at the amounts relating to the financial year. Net financials include interest income and expenses, financial expenses, realised and unrealised capital/exchange gains and losses on securities and foreign currency transactions, and surcharges and allowances under the advance-payment-of-tax scheme, etc.

Income from investments in subsidiaries, associates and participating interests

Dividend from investments is recognised in the reporting year in which the dividend is declared.

Tax on profit/loss for the year

Tax for the year, which comprises the current tax charge for the year and changes in the deferred tax charge, including changes arising from changes in tax rates, is recognised in the income statement as regards the portion that relates to entries directly in equity.

The entity and its Danish group entities are taxed on a joint basis. The Danish income tax charge is allocated between profit-making Danish entities in proportion to their taxable income (full allocation method).

Jointly taxed companies entitled to a tax refund are, as a minimum, reimbursed by the management company according to the current rates applicable to interest allowances, and jointly taxed companies having paid too little tax pay as a maximum, a surcharge according to the current rates applicable to interest surcharges to the management company.

Balance sheet

Investments in subsidiaries, associates and participating interests

Investment in subsidiaries is measured at cost. If cost exceeds the recoverable amount, a write-down is made to this lower value.

Receivables

Receivables are measured at amortised cost.

Income tax and deferred tax

Current tax liabilities and current tax receivables are recognised in the balance sheet as the estimated tax on the taxable income for the year, adjusted for tax on the taxable income for previous years and tax paid on account.

Deferred tax is measured according to the liability method in respect of temporary differences between the carrying amount of assets and liabilities and their tax base, calculated on the basis of the planned use of the asset and settlement of the liability, respectively. Deferred tax is measured at net realisable value.

Deferred tax is measured according to the tax rules and at the tax rates applicable in the respective countries at the balance sheet date when the deferred tax is expected to crystallise as current tax. Deferred tax adjustments resulting from changes in tax rates are recognised in the income statement, with the exception of items taken directly to equity.

Liabilities

Other liabilities, which include trade receivables, payables to group entities and other payables, are measured at amortised cost, which is usually equivalent to nominal value.
