## Independent auditor'sreport

## To the Limited Partners of Danske PEP 2018 (EUR) K/S

## Opinion

We have audited the financial statements of Danske PEP 2018 (EUR) K/S for the financial year October 1, 2020 - September 30, 2021, which comprise accounting policies, income statement, balance sheet and notes. The financial statements are prepared in accordance with the Danish Financial Statements Act.

In our opinion, the financial statements give a true and fair view of thefinancial position of the Company at September 30, 2021 and of the results of the Company's operations for the financial year October 1, 2020 - September 30,2021 in accordance with the Danish Financial Statements Act.

## Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) and additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the "Auditor's responsibilities for the audit of thefinancial statements"section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basisfor our opinion.

## Independence

We are independent of the Company in accordancewith the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) and additional requirements applicable in Denmark, and we have fulfilled our other ethical responsibilities in accordancewith the se rules and requirements.

## Management's responsibilities for the financial statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the Danish Financial Statements Act and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting in preparing thefinancial statements unless Management either int ends to liquidate the Company or to cease operations, or has no realist ic alternative but to do so.

## Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance as to whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and additional requirements applicable in Denmark will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the ec onomic decisions of users taken on the basis of the financial statements.

## Independent auditor'sreport

As part of an audit conducted in accordance with ISAs and additional requirements applicable in Denmark, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:
$>$ Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve coll usion, forgery, intentional omissions, misrepresentations or the override of int ernal control.
$>$ Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
$>$ Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.

- Conclude on the appropriateness of Management's use of the going concern basis of accounting in preparing the financial statements and, based on the audit evidenceobtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obt ained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structureand contents of the financialstatements, includingthe note disclosures, and whether the financial statements represent the underlying transactions and events in a manner that gives a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal cont rol that we identify during our audit.

## Statement on the Management's review

Management is responsible for the Management's review.
Our opinion on the financial statements does not cover the Management's review, and we do not express any form of assurance conclusion thereon.

In connectionwith our audit of thefinancial statements, our responsibility is to read the Manage ment's review and, in doing so, consider whether the Management's review is materially inconsistent with the financial statements or our knowledge obtained during the audit, or ot herwise appears tobe materially misstated.

Moreover, it is our responsibility to consider whether the Management's review provides the information required under the Danish Financial Statements Act.

Based on the work we have performed, we conclude that the Management's review is in accordance with the financial statements and has been prepared in accordance with the requirements of the Danish Financial Statements Act. We did not identify any material misstatement of the Management's review.

## Management's review

## Main activity

Danske PEP 2018 (EUR) K/S is a fund-of funds witha geographical focus on investments in Europe. Investments are mainly made in small and mid market buy-out funds.

## Development in the financial year

The financial year resulted in a profit of EUR 0.6 million. Gains on investments in portfolio funds etc. amounted to EUR 0.7 million. Management fees and administrative costs amounted to EUR 0.2 million.

The result is in line with our expectations. The COVID-19 pandemic has not had a significant impact on the portfolio.

In the financial year, EUR 1.6 million was paid-up by the LimitedPartners. An aggregatedamount of EUR 2.4 million was contributed to portfoliofunds and the co-investment during the financial year, bringing total contributed capital to portfolio funds and the co-investment to EUR 4.5 million.

In the financial year, distributions from portfolio funds and the co-investment amounted to EUR 0.1 million. No distributions has been made tothe Limited Partners.

## Special risks

Financial risks
The objective of Danske PEP 2018 (EUR) is to supply risk capital to portfolio funds and, and also their investments in competitive companies in the European small and mid market. The highest factor of risk is therefore the changes in the value of the companies in which DanskePEP 2018 (EUR)'s portfolio funds invest in, which to a significant extent depend on the valuations of comparable listed companies on the quoted market. The valuation of the investments in portfolio funds is an accounting estimateand could be connected with some uncertainty, especially due to the COVID-19 pandemic.

## Interest rate risk

Danske PEP 2018 (EUR) is less sensitive to the changes in interest ratelevels.

## Foreign exchange currency risks

Danske PEP 2018 (EUR)'s investments in portfolio funds and co-investments have been made in EUR and GBP. As the capital in Danske PEP 2018 (EUR) is in EUR, Danske PEP 2018 (EUR) is influenced by currency fluctuations in GBP. The currency risk is considered as material. Under Danske PEP 2018 (EUR)'s investment policy, Danske PEP 2018 (EUR) does not hedge its exposure toward currency rate fluctuations.

## Investment activity

In the period from inception toSeptember 30, 2021 Danske PEP 2018 (EUR) has invested in six portfolio funds and one co-investment. The portfoliofunds and co-investments have performed according to expectations.

## Management's review

## Cash resources

Danske PEP 2018 (EUR) cash resources as of September 30,2021, include undrawn credit facilities and outstanding commitments from the Limited Partners, and are estimated as satisfactory to cover Danske PEP 2018 (EUR) liabilities including investment obligations, management fees etc.

## Expectationsfor2021/22

The fund is expected to be fully allocated during the fiscal year 2021/22. The portfolio have been carefully constructed to provide an attractive risk/reward profileusing a conservative approach when it comes to leverage and the perceivedresilience of sectors in a downturn. The composition of the portfoliois well suited for the market environment and should continue to contribute positive to next year's results.

The development in the valuation of the portfolio fund's investments and theco-investments will still be influenced mainly by the individual company results/cash generating ability as well as the valuations of comparable, listed companies. The above-mentioned development along with the general economic development in the light of the COVID- 19 pandemic will affect the result for 2021/22.

On balance, the result is expected to be better thanthe current year.

## Disclosure requirements in respect of $\S 61$ section 3 stated in the law of managers of alternative investment funds

We can inform, that during the financial year there have been no changes in $\S \S 62,64$ and 65 regarding the disclosures.

In respect of the requested disclosure of total remunerations paid to the employees and the management of Danske Private Equity A/S, this can be found on www.danskeprivateequity.com. The disclosures are given on manager level and are neither allocated nor shown perindividually managed fund.

## Post balance sheet events

No events have occurred, after the balance sheet date and tothe signing of the annual report which is considered of significance to the annual report.

## FinancialstatementsOctober 1,2020-September30,2021

## Investments in portfolio funds etc.

Through investments in portfoliofunds and co-investments the Company has ownership of mainly unquoted investments. The Company has no controlling or significant influence on the portfoliofunds in which the Company has invested.

The portfolio funds in which the Company has invested all use common accepted guidelines for measuring the fair value. The measuring of the fair value of the investments in underlying portfolio companies are made by the managers of the portfolio funds.

The value of a private equity fund is measured as the fair value of each investment in portfolio companies owned by the fund with the addition of other net as sets in the fund. The valuation of a portfolio company in a private equity fund is based on the industry, market position and earnings capacity, and the (i) the peer group multiple, i.e.the market value of comparable listed companies, (ii] transaction multiple in recent M\&A transactions involving comparable companies, (iii) value indications from potential buyers of the portfolio company, (iv) market value if the portfolio companyis publicly traded, and or (v) future expected proceeds, if there is a concluded agreement on the sale of the portfolio company.

Usually the Company has no or very little information about specific methods and assumptions used by the managers of the portfolio funds when measuring the fair value of the underlying portfoliocompanies. At the assessment of the fair value of the underlying portfolio companies reported by the managers, information about the market conditions, companyspecificinformation as well as informationreceivedthrough dialog with the managers of the portfolio funds are used.
