## Better Energy Flejsborg P/S

### Accounting policies

#### Reporting class

The annual report of Better Energy Flejsborg P/S for 2023 has been presented in accordance with the provisions of the Danish Financial Statements Act applying to enterprises of reporting class B with addition of certain provisions for reporting class C.

The accounting policies applied remain unchanged from last year.

#### Reporting currency

The annual report is presented in Danish kroner (DKK).

#### Recognition and measurement

Assets are recognised in the balance sheet when it is probable as a result of a prior event that future economic benefits will flow to the company, and the value of the assets can be measured reliably.

Liabilities are recognised in the balance sheet when the company has a legal or constructive obligation as a result of a prior event, and it is probable that future economic benefits will flow out of the company, and the value of the liabilities can be measured reliably.

On initial recognition, assets and liabilities are measured at cost. Measurement subsequent to initial recognition is affected as described below for each financial statement item. Anticipated risks and losses that arise before the time of presentation of the annual report and that confirm or invalidate affairs and conditions existing at the balance sheet date are considered at recognition and measurement.

Income is recognised in the income statement when earned, whereas costs are recognised by the amounts attributable to this financial year.

#### Foreign currency translation

On initial recognition, foreign currency transactions are translated applying the exchange rate at the transaction date. Receivables, payables and other monetary items denominated in foreign currencies that have not been settled at the balance sheet date are translated using the exchange rate at the balance sheet date.

Exchange differences that arise between the rate at the transaction date and the one in effect at the payment date or the rate at the balance sheet date are recognised in the income statement as financial income or financial expenses. Property, plant and equipment, intangible assets, inventories and other non-monetary assets that have been purchased in foreign currencies are translated using historical rates.

### Income statement

#### Gross profit/loss

The company has decided to aggregate certain items of the income statement in accordance with the provisions of Section 32 of the Danish Financial Statements Act.

Gross profit or loss comprises other external expenses.

#### Other external expenses

Other external expenses include expenses for operation and administration.

#### Financial income

Financial income comprises interest income, including interest income on receivables from group enterprises, amortisation of financial assets, payables and transactions in foreign currencies as well as fair value adjustments of financial interests.

## **Accounting policies**

### **Balance sheet**

#### **Receivables**

Receivables are measured at amortised cost, usually equalling nominal value, less writedowns for bad and doubtful debts.

Impairment of accounts receivables past due is established on individual assessment of receivables.

#### **Cash and cash equivalents**

Cash and cash equivalents comprise cash at bank and in hand as well as short-term securities with a term of less than three months which can be converted directly into cash at bank and in hand and involve only an insignificant risk of value changes.

#### **Equity**

##### **Proposed dividends**

Proposed dividends for the year are recognised as a separate item under equity. Proposed dividends are recognised as a liability when approved by the Annual General Meeting.

##### **Liabilities**

Financial liabilities are recognised initially at the proceeds received net of transaction expenses incurred. In subsequent periods, financial liabilities are measured at amortised cost, corresponding to the capitalised value using the effective interest method, so that the difference between the proceeds and the nominal value is recognised in the Income Statement over the life of the financial instrument.

Other liabilities, comprising deposits, trade payables and other accounts payable, are measured at amortised cost, which usually corresponds to the nominal value.
