## MANAGEMENT'S STATEMENT

Today the Executive Board have discussed and approved the Annual Report of Baltex Health & Beauty ApS for the financial year 7 January - 31 December 2020.

The Annual Report is presented in accordance with the Danish Financial Statements Act.

In our opinion the Financial Statements give a true and fair view of the Company's assets, liabilities and financial position at 31 December 2020 and of the results of the Company's operations for the financial year 7 January - 31 December 2020.

The Management Commentary includes in our opinion a fair presentation of the matters dealt with in the Commentary.

The board of executives remain of the opinion that the conditions for opting out of audit have been fulfilled.

We recommend the Annual Report be approved at the Annual General Meeting.

## ENGAGEMENT TO COMPILE FINANCIAL INFORMATION

### To the Shareholders of Baltex Health & Beauty ApS

We have compiled the Financial Statements of Baltex Health & Beauty ApS for the financial year 7 January - 31 December 2020 based on the Company's accounting records and other information provided by Management.

The Financial Statements comprise a summary of income statement, Balance Sheet, statement of changes in equity, notes and significant accounting policies.

We performed this compilation engagement in accordance with the International Standard, Compilation Engagements.

We have applied our professional expertise to assist Management in the preparation and presentation of the Financial Statements in accordance with the Danish Financial Statements Act. We have complied with relevant statutory provisions of the Danish Audit Act, the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) and the additional requirements applicable in Denmark.

The Financial Statements and the accuracy and completeness of the information used to compile the Financial Statements are Management's responsibility.

Since an engagement to compile financial information is not an assurance engagement, we are not required to verify the accuracy or completeness of the information provided by Management to us to compile the Financial Statements. Accordingly, we do not express an audit opinion or a review conclusion on whether the Financial Statements are prepared in accordance with the Danish Financial Statements Act.

## ACCOUNTING POLICIES

The Annual Report of Baltex Health & Beauty ApS for 2020 has been presented in accordance with the provisions of the Danish Financial Statements Act for enterprises in reporting class B and certain provisions applying to reporting class C.

The Annual Report is prepared with the following accounting principles.

### INCOME STATEMENT

#### Net revenue

Net revenue from the sale of merchandise and finished goods is recognised in the Income Statement if supply and risk transfer to purchaser has taken place before the end of the year and if the income can be measured reliably and is expected to be received.

Net revenue is recognised exclusive of VAT and less duties and discounts related to the sale.

#### Cost of sales

Cost of sales comprise costs incurred to achieve the net revenue for the year, including direct and indirect costs of raw materials and consumables.

#### Other external expenses

Other external costs include other production, sales, delivery and administration costs, including costs for energy, marketing premises, losses on debtors, etc.

#### Financial income and expenses

Financial income and expenses include interest income and expenses, financial expenses of finance leases, realised and unrealised gains and losses arising from investments in financial assets, debt and transactions in foreign currencies, amortisation of financial assets and liabilities, as well as charges and allowances under the tax-on-account scheme etc. Financial income and expenses are recognised in the Income Statement by the amounts that relate to the financial year.

#### Tax

The tax for the year, which consists of the current tax for the year and changes in deferred tax, is recognised in the income statement by the portion that may be attributed to the profit for the year, and is recognised directly in the equity by the portion that may be attributed to entries directly to the equity.

### BALANCE SHEET

#### Inventories

Inventories are measured at cost using the FIFO-principle. If the net realisable value is lower than cost, the inventories are written down to the lower value.

The cost of merchandise as well as raw materials and consumables is calculated at acquisition price with addition of transportation and similar costs.

The cost of finished goods and work in progress includes cost of raw materials, consumables, direct payroll cost and direct production cost.

The net realisable value of inventories is stated at sales price less completion costs and costs incurred to execute the sale and is determined with due regard to marketability, obsolescence and development in expected sales price.

#### Receivables

Receivables are measured at amortised cost which usually corresponds to nominal value. The value is written down to meet expected losses.

## ACCOUNTING POLICIES

### **Tax payable and deferred tax**

Current tax liabilities and receivable current tax are recognised in the Balance Sheet as the calculated tax on the taxable income for the year, adjusted for tax on the taxable income for previous years and taxes paid on account.

Deferred tax is measured on the temporary differences between the carrying amount and the tax value of assets and liabilities.

Deferred tax assets, including the tax value of tax loss carry-forwards, are measured at the expected realisable value of the asset, either by set-off against tax on future earnings or by set-off against deferred tax liabilities within the same legal tax entity.

Deferred tax is measured on the basis of the tax rules and tax rates that under the legislation in force on the Balance Sheet date will be applicable when the deferred tax is expected to crystallise as current tax. Any changes in the deferred tax resulting from changes in tax rates, are recognised in the income statement, except from items recognised directly in equity.

### **Liabilities**

Financial liabilities are recognised at the time of borrowing by the amount of proceeds received less borrowing costs. In subsequent periods, the financial liabilities are measured at amortised cost equal to the capitalised value when using the effective interest, the difference between the proceeds and the nominal value being recognised in the Income Statement over the term of loan.

Amortised cost for short-term liabilities usually corresponds to the nominal value.
