## MANAGEMENT'S STATEMENT

*Today the Executive Board have discussed and approved the Annual Report of AP BuyCo ApS for the financial year 1 January - 31 December 2023.*

*The Annual Report is presented in accordance with the Danish Financial Statements Act.*

*In my opinion the Financial Statements give a true and fair view of the Company's assets, liabilities and financial position at 31 December 2023 and of the results of the Company's operations for the financial year 1 January - 31 December 2023.*

*The Management Commentary includes in my opinion a fair presentation of the matters dealt with in the Commentary.*

*I recommend the Annual Report be approved at the Annual General Meeting.*

Copenhagen, 24 April 2024

Executive Board

---

Michael Flaherty

## INDEPENDENT AUDITOR'S REPORT

*To the Shareholder of AP BuyCo ApS*

### **Opinion**

*We have audited the Financial Statements of AP BuyCo ApS for the financial year 1 January - 31 December 2023, which comprise income statement, Balance Sheet, statement of changes in equity, notes and a summary of significant accounting policies. The Financial Statements are prepared in accordance with the Danish Financial Statements Act.*

*In our opinion, the Financial Statements give a true and fair view of the assets, liabilities and financial position of the Company at 31 December 2023 and of the results of the Company's operations for the financial year 1 January - 31 December 2023 in accordance with the Danish Financial Statements Act.*

### **Basis for Opinion**

*We conducted our audit in accordance with International Standards on Auditing (ISAs) and the additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards) (IESBA Code), together with the ethical requirements that are relevant to our audit of the financial statements in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our conclusion.*

### **Management's Responsibilities for the Financial Statements**

*Management is responsible for the preparation of Financial Statements that give a true and fair view in accordance with the Danish Financial Statements Act and for such Internal control as Management determines is necessary to enable the preparation of Financial Statements that are free from material misstatement, whether due to fraud or error.*

*In preparing the Financial Statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting in preparing the Financial Statements unless Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.*

### **Auditor's Responsibilities for the Audit of the Financial Statements**

*Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.*

*As part of an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:*

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.*
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.*

## INDEPENDENT AUDITOR'S REPORT

- *Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.*
- *Conclude on the appropriateness of Management's use of the going concern basis of accounting in preparing the Financial Statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.*
- *Evaluate the overall presentation, structure and contents of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that gives a true and fair view.*

*We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.*

### **Statement on Management Commentary**

*Management is responsible for Management Commentary.*

*Our opinion on the Financial Statements does not cover Management Commentary, and we do not express any form of assurance conclusion thereon.*

*In connection with our audit of the Financial Statements, our responsibility is to read Management Commentary and, in doing so, consider whether Management Commentary is materially inconsistent with the Financial Statements or our knowledge obtained during the audit, or otherwise appears to be materially misstated.*

*Moreover, it is our responsibility to consider whether Management Commentary provides the information required under the Danish Financial Statements Act.*

*Based on the work we have performed, we conclude that Management Commentary is in accordance with the Financial Statements and has been prepared in accordance with the requirements of the Danish Financial Statements Act. We did not identify any material misstatement of Management Commentary.*

**NOTES****Note****Consolidated Financial Statements****7**

The company is included in the group account for AP Portfolio Co, 1209 Orange Street, Delaware, USA with registration number 121654511.

## ACCOUNTING POLICIES

*The Annual Report of AP BuyCo ApS for 2023 has been presented in accordance with the provisions of the Danish Financial Statements Act for enterprises in reporting class B and certain provisions applying to reporting class C.*

*The Annual Report is prepared consistently with the accounting principles applied last year.*

### INCOME STATEMENT

#### **Other external expenses**

*Other external expenses include other production, sales, delivery and administrative costs, including costs of energy, marketing, premises, loss on bad debts, lease expenses, etc*

#### **Income from investments in subsidiaries**

*Dividend from equity interests is recognised in the financial year in which the dividend is declared. In connection with transfers, potential profits are recognised when the economic rights related to the sold equity interests are transferred, however, at the earliest when the profit has been realised or is regarded as realisable. Moreover, realised losses other than impairments are included where identified.*

#### **Financial income and expenses**

*Financial income and expenses include interest income and expenses, financial expenses of finance leases, realised and unrealised gains and losses arising from securities, debt and transactions in foreign currencies, as well as charges and allowances under the tax-on-account scheme, etc. Financial income and expenses are recognised by the amounts that relate to the financial year. Interest income and expenses are calculated on amortised cost prices.*

#### **Tax**

*The tax for the year, which consists of the current tax for the year and changes in deferred tax, is recognised in the Income Statement by the share that may be attributed to the profit for the year, and is recognised directly in equity by the share that may be attributed to entries directly to equity.*

### BALANCE SHEET

#### **Financial non-current assets**

*Equity investments in are measured at cost. If the cost exceeds the net realisable value, this is written down to the lower value.*

*The combination method is applied when acquiring enterprises within the Group, where the combination is regarded as completed at the date of acquisition, and by using the carrying amounts of the assets and liabilities acquired.*

*The difference between the acquisition cost and carrying amounts is recognised directly in equity.*

## ACCOUNTING POLICIES

### **Impairment of fixed assets**

The carrying amount of fixed assets, which are not measured at fair value, are assessed annually for indications of impairment other than that reflected by amortisation and depreciation.

In the event of impairment indications, an impairment test is made for each asset or group of assets, respectively. If the recoverable amount is lower than the carrying amount, the asset is written down to the recoverable amount.

The recoverable amount is calculated at the higher of the capital value and the sales value less expected costs of a sale. The capital value is determined as the Company's share in the current value of the net cash flows which the subsidiary is expected to generate through its activities and from sale of assets after the end of their useful lives. A discount rate is used which reflects the risk-free market rate and the owners' minimum return on interest requirements for similar assets. The growth rate in the terminal period is determined in accordance with the standards within the industry.

### **Receivables**

Receivables are measured at amortised cost which usually corresponds to nominal value. The value is written down to meet expected losses.

Write-off is performed to provide for losses when an objective indication has been assessed to have incurred that a receivable or a portfolio of receivables are impaired. If there is an objective indication that an individual receivable is impaired, the write-off is performed at individual level.

Receivables for which there are no objective indication of impairment at individual level are assessed at portfolio level for objective indication of impairment. The portfolios are primarily based on the debtors' registered office and credit rating in accordance with the Company's policy for credit risk management. The objective indicators, which are applied for portfolios, are determined based on the historical loss experiences.

Write-off is determined as the difference between the carrying amount of receivables and the present value of the expected cash flows, including realisable value of any received collaterals. The effective interest rate is used as discount rate for the single receivable or portfolio.

### **Tax payable and deferred tax**

Current tax liabilities and receivable current tax are recognised in the Balance Sheet as the calculated tax on the taxable income for the year, adjusted for tax on the taxable income for previous years and taxes paid on account.

The Company is subject to joint taxation with Danish Group companies. The current corporation tax is distributed among the joint taxable companies in proportion to their taxable income and with full allocation and refund related to tax losses. The joint taxable companies are included in the tax-on-account scheme. Joint taxation contributions receivable and payable are recognised in the Balance Sheet under current assets and liabilities, respectively.

Deferred tax is measured on the temporary differences between the carrying amount and the tax value of assets and liabilities.

Deferred tax assets, including the tax value of tax loss carryforwards, are measured at the amount at which the asset is expected to be used within a reasonable number of years, either by setoff against tax on future earnings or by setoff against deferred tax liabilities within the same legal tax entity.

Deferred tax is measured on the basis of the tax rules and tax rates that under the legislation in force on the Balance Sheet date will be applicable when the deferred tax is expected to crystallise as current tax. Any changes in the deferred tax resulting from changes in tax rates, are recognised in the income statement, except from items recognised directly in equity.

## ACCOUNTING POLICIES

### *Liabilities*

*Financial liabilities are recognised at the time of borrowing by the amount of proceeds received less transaction costs. In subsequent periods, the financial liabilities are measured at amortised cost equal to the capitalised value when using the effective interest, the difference between the proceeds and the nominal value being recognised in the Income Statement over the loan period.*

*The amortised cost of current liabilities corresponds usually to the nominal value.*
