## Statement by the Board of Directors and the Executive Board

The Board of Directors and the Executive Board have today discussed and approved the annual report of Helios Energy A/S for the financial year 1 January – 31 December 2023.

The annual report has been prepared in accordance with the Danish Financial Statements Act.

In our opinion, the financial statements give a true and fair view of the Company's assets, liabilities and financial position at 31 December 2023 and of the results of the Company's operations for the financial year 1 January – 31 December 2023.

Further, in our opinion, the Management's review gives a fair review of the matters discussed in the Management's review.

We recommend that the annual report be approved at the annual general meeting.

## Independent auditor's report

### To the shareholders of Helios Energy A/S

#### Opinion

We have audited the financial statements of Helios Energy A/S for the financial year 1 January – 31 December 2023, comprising income statement, balance sheet, statement of changes in equity and notes, including accounting policies. The financial statements are prepared in accordance with the Danish Financial Statements Act.

In our opinion, the financial statements give a true and fair view of the Company's assets, liabilities and financial position at 31 December 2023 and of the results of the Company's operations for the financial year 1 January – 31 December 2023 in accordance with the Danish Financial Statements Act.

#### Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) and the additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the "Auditor's responsibilities for the audit of the financial statements" section of our report.

We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (IESBA Code) and the additional ethical requirements applicable in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Management's responsibility for the financial statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the Danish Financial Statements Act and for such internal control that Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting in preparing the financial statements unless Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

#### Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance as to whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs and the additional requirements in Denmark will always detect a material misstatement when it exists. Misstatements may arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of financial statement users made on the basis of these financial statements.

As part of an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark, we exercise professional judgement and maintain professional scepticism throughout the audit. We also

## Independent auditor's report

- identify and assess the risks of material misstatement of the company financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- conclude on the appropriateness of Management's use of the going concern basis of accounting in preparing the financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- evaluate the overall presentation, structure and contents of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that gives a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

## Statement on the Management's review

Management is responsible for the Management's review.

Our opinion on the financial statements does not cover the Management's review, and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the Management's review and, in doing so, consider whether the Management's review is materially inconsistent with the financial statements or our knowledge obtained during the audit, or otherwise appears to be materially misstated.

Moreover, it is our responsibility to consider whether the Management's review provides the information required under the Danish Financial Statements Act.

Based on the work we have performed, we conclude that the Management's review is in accordance with the financial statements and has been prepared in accordance with the requirements of the Danish Financial Statement Act. We did not identify any material misstatement of the Management's review.

## Management's review

### Operating review

#### Principal activities

The principal activities of the Company are through investment, directly as well as indirectly, in companies with related purposes to trade in electricity and products derived therefrom.

In addition, the Company develops and supplies trading infrastructure to its subsidiaries.

#### Development in activities and financial position

The Company reported a loss before tax of DKK 15,874 thousand for 2023. Equity stood at DKK 25,026 thousand.

With a substantial equity increase secured in 2022, the Company has positioned itself to support significant increases in its subsidiaries' commercial activities in 2024 and beyond.

The Company has granted a group contribution of DKK 17,000 thousand, to reestablish equity in subsidiaries (Helios Power Trading A/S).

The activity in subsidiaries in 2023 has been mainly concentrated on development of software for the support of algorithmic trading.

The Company's results including results of subsidiaries are below expectations and unsatisfactory.

#### Outlook

The Company expects to report a profit for 2024.

#### Treasury shares

Treasury shares are specified as follows:

	Number	Nom. DKK'000	% of con- tributed capital
Acquired treasury shares during the financial year	4,000	4,000	2%
Treasury shares at 31 December 2023	4,000	4,000	2%

During the year, the Company repurchased treasury shares amounting to DKK 4,000 thousand.

## Financial statements 1 January – 31 December

### Notes

#### 1 Accounting policies

The annual report of Helios Energy A/S for 2023 has been prepared in accordance with the provisions applying to reporting class B entities under the Danish Financial Statements Act with opt-in from higher reporting classes.

#### Foreign currency translation

Transactions in foreign currencies are translated into the company's functional currency at the exchange rate on the transaction date.

Monetary assets and liabilities denominated in foreign currencies are translated into functional currency at the exchange rates at the reporting date.

Foreign currency differences are generally recognised in profit and loss except for certain equity instruments available for sale, financial liabilities and hedging instruments.

### Income statement

#### Gross profit

Pursuant to Section 32 of the Danish Financial Statements Act, the Company has decided only to disclose gross profit.

#### Revenue

Revenue comprises net income from management fee.

#### Staff costs

Staff costs comprise wages and salaries, including holiday allowance, pension and other social security costs, excluding reimbursements from public authorities.

#### Other external costs

Other external costs comprise costs for distribution and sales costs, costs for advertising, administrative expenses, costs of premises, bad debts, operating leases, etc.

#### Financial income and expenses

Financial income and expenses comprise interest income and expense, payables and transactions denominated in foreign currencies, amortisation of financial assets and liabilities as well as surcharges and refunds under the on-account tax scheme, etc.

#### Tax on loss for the year

Tax for the year comprises current tax for the year and changes in deferred tax, including changes in tax rates. The tax expense relating to the profit for the year is recognised in the income statement at the amount attributable to the loss for the year and directly in equity at the amount attributable to entries directly in equity.

## Financial statements 1 January – 31 December

### Notes

#### 1 Accounting policies (continued)

### Balance sheet

#### Intangible assets

Development projects comprise costs directly and indirectly attributable to the Company's development activities and which comply with the criteria for recognition under the Danish Financial Statement Act.

Capitalised development projects are measured at cost less accumulated amortisation or at recoverable amount if the latter is lower.

Capitalised development projects are amortised on a straight-line based for estimated useful lives after completion of the development project. The estimated useful lives are 5 years.

Gains and losses on the disposal of intangible assets are determined as the difference between the selling price less selling costs and the carrying amount at the date of disposal.

Gains and losses are recognised in the income statement as other operating income or other operating costs, respectively.

#### Property, plant and equipment

Fixtures and fittings, tools and equipment are measured at cost less accumulated depreciation and impairment losses.

Cost comprises the purchase price and any costs directly attributable to the acquisition until the date on which the asset is available for use. Indirect production overheads and borrowing costs are not recognised in cost.

Where individual components of an item of property, plant and equipment have different useful lives, they are accounted for as separate items, which are depreciated separately.

The basis of depreciation is cost less any projected residual value after the end of the useful life. Depreciation is provided on a straight-line basis over the estimated useful life. The estimated useful lives are as follows:

Fixtures and fittings, tools and equipment	5-10 years
--	------------

The useful life and residual value are reassessed annually. Changes are treated as accounting estimates, and the effect on depreciation is recognised prospectively.

#### Investments

Equity investments in group entities and participating interests are measured at the proportionate share of the entities' net asset value calculated in accordance with the Parent Company's accounting policies plus or minus unrealised intra-group gains or losses and plus or minus the residual value of positive and negative goodwill calculated in accordance with the acquisition method.

Other receivables and deposits are recognised at amortised cost.

## Financial statements 1 January – 31 December

### Notes

#### 1 Accounting policies (continued)

##### Receivables

Receivables are measured at amortised cost.

Write-downs are made to counter losses on the basis of expected losses using the simplified expected credit loss model.

##### Securities and equity investments

Other securities consist of listed equities and papers.

Other securities recognised as current assets comprise listed securities measured at fair value at the balance sheet date, corresponding to market value.

##### Cash at bank and in hand

Cash at bank and in hand comprises cash.

##### Equity

###### *Dividends*

The expected dividend payment for the year is disclosed as a separate item under equity.

##### Corporation tax and deferred tax

Current tax payable and receivable is recognised in the balance sheet as tax computed on the taxable income for the year, adjusted for tax on the taxable income of prior years and for tax paid on account.

Deferred tax is measured using the balance sheet liability method on all temporary differences between the carrying amount and the tax value of assets and liabilities measured on the planned use of the asset or settlement of the liability, respectively. However, deferred tax is not recognised on temporary differences relating to office buildings non-deductible for tax purposes and other items where temporary differences arise at the date of acquisition without affecting either profit/loss or taxable income.

Deferred tax assets, including the tax value of tax loss carryforwards, are recognised at the expected value of their utilisation within the foreseeable future; either as a set-off against tax on future income or as a set-off against deferred tax liabilities in the same legal tax entity. Any deferred net assets are measured at net realisable value.

Deferred tax is measured in accordance with the tax rules and at the tax rates applicable at the balance sheet date when the deferred tax is expected to crystallise as current tax. Changes in deferred tax as a result of changes in tax rates are recognised in the income statement or equity, respectively.

##### Liabilities

Financial liabilities are recognised at the date of borrowing at cost, corresponding to the proceeds received less transaction costs paid. In subsequent periods, the financial liabilities are measured at amortised cost, corresponding to the capitalised value using the effective interest rate. Accordingly, the difference between cost and the nominal value is recognised in the income statement over the term of the loan together with interest expenses.

Other liabilities are measured at amortised cost, which usually corresponds to nominal value.

During the year, the Company repurchased treasury shares amounting to DKK 4,000 thousand.

## Financial statements 1 January – 31 December

### Notes

#### 7 Contractual obligations, contingencies, etc.

##### Lease obligations

The Company has entered into operating leases at the following amounts:

The remaining term of the leases is 3 months with an average monthly lease payment of DKK 57 thousand, totalling DKK 171 thousand.

##### Joint liabilities

The Company is jointly taxed with the other Danish companies in the Heli Group ApS. As a wholly-owned subsidiary, together with the other companies included in the joint taxation, the Company has joint and several unlimited liability for Danish corporation taxes and withholding taxes on dividends. Any subsequent correction of the taxable jointly taxed income or withholding taxes may entail an adjustment of the Company's liability.

#### 8 Mortgages and collateral

The Company has issued a declaration on dividend ban to its bankers.

As collateral for its bank balance, the Company has provided security in its shares in Helios Power Trading A/S, including voting rights and a ban against trading in shares without prior consent from its bankers.

The Company has issued a guarantee assuming primary liability to Helios Power Trading A/S' bankers.

#### 9 Related parties

##### Control

Helios Energy A/S is part of the consolidated financial statements of Heli Group ApS, CVR no. 29 13 96 01, which is the smallest group in which the Company is included as a subsidiary.
