MANAGEMENT'S STATEMENT

Today the Board of Directors and Executive Board have discussed and approved the Annual Report of Stiesdal PtX Technologies A/S for the financial year 1 November 2020 - 31 December 2021.

The Annual Report is presented in accordance with the Danish Financial Statements Act.

In our opinion the Financial Statements give a true and fair view of the Company's assets, liabilities and financial position at 31 December 2021 and of the results of the Company's operations for the financial year 1 November 2020 - 31 December 2021.

The Management Commentary includes in our opinion a fair presentation of the matters dealt with in the Commentary.

We recommend the Annual Report be approved at the Annual General Meeting.

INDEPENDENT AUDITOR'S REPORT

To the Shareholders of Stiesdal PtX Technologies A/S

Opinion

We have audited the Financial Statements of Stiesdal PtX Technologies A/S for the financial year 1 November 2020 - 31 December 2021, which comprise income statement, Balance Sheet, statement of changes in equity, notes and a summary of significant accounting policies. The Financial Statements are prepared in accordance with the Danish Financial Statements Act.

In our opinion, the Financial Statements give a true and fair view of the assets, liabilities and financial position of the Company at 31 December 2021 and of the results of the Company's operations for the financial year 1 November 2020 - 31 December 2021 in accordance with the Danish Financial Statements Act.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) and the additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards) (IESBA Code), together with the ethical requirements that are relevant to our audit of the financial statements in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our conclusion.

Management's Responsibilities for the Financial Statements

Management is responsible for the preparation of Financial Statements that give a true and fair view in accordance with the Danish Financial Statements Act and for such Internal control as Management determines is necessary to enable the preparation of Financial Statements that are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting in preparing the Financial Statements unless Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

INDEPENDENT AUDITOR'S REPORT

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting in preparing the Financial Statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and contents of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that gives a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Statement on Management Commentary

Management is responsible for Management Commentary.

Our opinion on the Financial Statements does not cover Management Commentary, and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read Management Commentary and, in doing so, consider whether Management Commentary is materially inconsistent with the Financial Statements or our knowledge obtained during the audit, or otherwise appears to be materially misstated.

Moreover, it is our responsibility to consider whether Management Commentary provides the information required under the Danish Financial Statements Act.

Based on the work we have performed, we conclude that Management Commentary is in accordance with the Financial Statements and has been prepared in accordance with the requirements of the Danish Financial Statements Act. We did not identify any material misstatement of Management Commentary.

MANAGEMENT COMMENTARY

Principal activities

The principal activities comprise development of a new type of low-cost hydrogen alkaline electrolyzer in order to advance the global development of affordable green hydrogen.

Recognition and measurement uncertainty

In these present Financial Statements, a tax asset of DKK 1.7 m is recognised. The value of this depends on the future earnings capacity. Based on the Group's expectations for the future earnings, the Group's expectations for the future growth in the market for carbon free energy and continued investment in development assets it is Management's opinion that the tax loss will be used in full in the Group in 5-8 years.

Development in activities and financial and economic position

The Company had development costs of DKK 18.4 m in the financial year, and an additional DKK 40 m is expected to be needed in order to complete the first 3 MW prototype commercial scale electrolyzers.

The financing thereof is expected from the Company's parent company, which has issued a loan guarantee for the financial year 2022. The parent company has acquired a new significant investor in PensionDanmark, which together with existing shareholders has invested DKK 400 m in the parent company.

The Company has developed a 150 kW HydroGen Electrolyzer demo unit in 2021. The Company has furthermore made satisfactory progress in design and testing of the next level 3 MW unit during 2021. The Company is experiencing interest in its HydroGen electrolyzer and has secured a significant framework sales agreement with a customer.

In the pursuit of global advancement of the Company's electrolyzer technology, the Company has entered into MOU with foreign customer seeking licensing rights for a particular geographical region.

Management expects profitable operations in 2024, which is supported by budgets, market surveys and the general good potential of the technology. The Management considers the result of the year to be satisfactory.

Comment on the assumptions for going concern

In the financial year 2021 a loss of DKK 2.7 m is realised, which mean that the Company's cash resources are reduced materially.

In relation to securing the necessary liquidity for the financial year 2021 the Company has received commitment of additional credit facility in 2022 of DKK 40 m from the parent company Stiesdal A/S as well as extension of the existing loan at the end of March 2022 with the parent company Stiesdal A/S of DKK 10.5 m for the financial year 2022.

Management has prepared budgets for the financial year 2022, which support that the Company has the liquidity necessary to service their liabilities concurrently with their due date in the financial year 2022.

Based on the additional credit facilities and extension of the existing debt with the parent company, Stiesdal A/S, it is Management's opinion that the Company's assumptions for going concern are ensured.

Significant events after the end of the financial year

No events have occurred after the end of the financial year of material importance for the Company's financial position.

NOTES

Note

Intangible fixed assets (continued)

4

The development costs in the year have been used for development of a 150 kW HydroGen Electrolyzer demonstration unit and developing the first 3 MW prototype commercial scale electrolyzers.

Management has significant expectations for the development of HydroGen, which is supported by budgets, market surveys and the general demand in the world market for affordable green hydrogen.

The Company is experiencing interest in its HydroGen electrolyzer and has secured a significant framework sales agreement with a customer as well as having entered into a MOU with a foreign customer seeking licensing rights for a particular geographical region.

The Company is working on the technical design of a 3 MW prototype commercial scale electrolyzers, and it is Management’s expectation that an additional amount of DKK 40 m will be required to complete development of the first 3 MW prototype.

Management expects that the development project can be commercialized from the financial year 2022 and contribute with a positive cash flow from 2023.

The Company has received a loan guarantee from the parent company for the financial year 2022 in relation to the financing required for the completion. The parent company has acquired a new significant investor in PensionDanmark, which together with existing shareholders has invested DKK 400 m in the parent company

Based on the expectations for the future earnings, it is Management’s assessment that the development costs meet the requirements for recognition and measurement in the Financial Statements, and that the valuation of the development costs is proper.

Contingencies etc.

6

The Company is jointly and severally liable together with the parent company and the other group companies in the joint taxable group for tax on the group’s joint taxable income and for certain possible withholding taxes, such as dividend tax, etc.

Tax payable on the Group’s joint taxable income is stated in the annual report of Stiesdal A/S which serves as Management company for the joint taxation.

Charges and securities

7

The Company has no charges and securities as of 31 December 2021.

NOTES

Note

Comment on the assumptions for going concern

8

In the financial year 2021 a loss of DKK 2.7 m is realised, which mean that the Company's cash resources are reduced materially.

In relation to securing the necessary liquidity for the financial year 2021 the Company has received commitment of additional credit facility in 2022 of DKK 40 m from the parent company Stiesdal A/S as well as extension of the existing loan at the end of March 2022 with the parent company Stiesdal A/S of DKK 10.5 m for the financial year 2022.

Management has prepared budgets for the financial year 2022, which support that the Company has the liquidity necessary to service their liabilities concurrently with their due date in the financial year 2022.

Based on the additional credit facilities and extension of the existing debt with the parent company, Stiesdal A/S, it is Management's opinion that the Company's assumptions for going concern are ensured.

Information on uncertainty with respect to recognition and measurement

9

In these present Financial Statements, a tax asset of DKK 1.7 m is recognised. The value of this depends on the future earnings capacity. Based on the Group's expectations for the future earnings, the Group's expectations for the future growth in the market for carbon free energy and continued investment in development assets it is Management's opinion that the tax loss will be used in full in the Group in 5-8 years.

ACCOUNTING POLICIES

The Annual Report of Stiesdal PtX Technologies A/S for 2020/21 has been presented in accordance with the provisions of the Danish Financial Statements Act for enterprises in reporting class B and certain provisions applying to reporting class C.

The Annual Report is prepared with the following accounting principles.

INCOME STATEMENT

Other external expenses

Other external expenses include other production, sales, delivery and administrative costs, including costs of energy, marketing, premises, loss on bad debts, lease expenses, etc

Staff costs

Staff costs comprise wages and salaries, including holiday pay and pensions, and other costs of social security etc., for the Company's employees. Repayments from public authorities are deducted from staff costs.

Financial income and expenses

Financial income and expenses include interest income and expenses, financial expenses of finance leases, realised and unrealised gains and losses arising from securities, debt and transactions in foreign currencies, as well as charges and allowances under the tax-on-account scheme, etc. Financial income and expenses are recognised by the amounts that relate to the financial year. Interest income and expenses are calculated on amortised cost prices.

Tax

The tax for the year, which consists of the current tax for the year and changes in deferred tax, is recognised in the Income Statement by the share that may be attributed to the profit for the year, and is recognised directly in equity by the share that may be attributed to entries directly to equity.

BALANCE SHEET

Intangible fixed assets

Development projects comprise costs, including wages and salaries, and amortisation, which directly or indirectly can be related to the Company's development activities and which fulfil the criteria for recognition in the Balance Sheet.

Intangible fixed assets are generally written down to the recoverable amount if this is lower than the carrying amount.

Profit or loss from sale of intangible fixed assets is calculated at the difference between the sales price and the carrying amount at the time of the sale. Profit and loss are recognised in the Income Statement under other operating income or other operating expenses.

ACCOUNTING POLICIES

Impairment of fixed assets

The carrying amount of intangible fixed assets, are assessed annually for indications of impairment other than that reflected by amortisation and depreciation.

In the event of impairment indications, an impairment test is made for each asset or group of assets, respectively. If the recoverable amount is lower than the carrying amount, the asset is written down to the recoverable amount.

The recoverable amount is calculated at the higher of the capital value and the sales value less expected costs of a sale. The capital value is determined as the Company's share in the current value of the net cash flows which the subsidiary is expected to generate through its activities and from sale of assets after the end of their useful lives. A discount rate is used which reflects the risk-free market rate and the owners' minimum return on interest requirements for similar assets. The growth rate in the terminal period is determined in accordance with the standards within the industry.

Receivables

Receivables are measured at amortised cost which usually corresponds to nominal value. The value is written down to meet expected losses.

Accruals, assets

Accruals recognised as assets include costs incurred relating to the subsequent financial year.

Tax payable and deferred tax

Current tax liabilities and receivable current tax are recognised in the Balance Sheet as the calculated tax on the taxable income for the year, adjusted for tax on the taxable income for previous years and taxes paid on account.

Deferred tax is measured on the temporary differences between the carrying amount and the tax value of assets and liabilities.

Deferred tax assets, including the tax value of tax loss carryforwards, are measured at the amount at which the asset is expected to be used within a reasonable number of years, either by setoff against tax on future earnings or by setoff against deferred tax liabilities within the same legal tax entity.

Deferred tax is measured on the basis of the tax rules and tax rates that under the legislation in force on the Balance Sheet date will be applicable when the deferred tax is expected to crystallise as current tax. Any changes in the deferred tax resulting from changes in tax rates, are recognised in the income statement, except from items recognised directly in equity.

Liabilities

Financial liabilities are recognised at the time of borrowing by the amount of proceeds received less transaction costs. In subsequent periods, the financial liabilities are measured at amortised cost equal to the capitalised value when using the effective interest, the difference between the proceeds and the nominal value being recognised in the Income Statement over the loan period.

The amortised cost of current liabilities corresponds usually to the nominal value.
