Notes

Note 1

Principal accounting policies

This annual report has been presented in accordance with the provisions of the Danish Financial Statements Act governing reporting class B enterprises with addition of a few elements from reporting class C enterprises. Consolidated financial statements are not prepared in accordance with §110 of the Danish Financial Statements Act.

Presentation currency

The reporting currency is Danish Kroner. All amounts are in DKK.

Recognition and measurement

Revenue is recognized in the income statement as it is earned, including value adjustments of financial assets and liabilities measured at fair value or amortized costs.

In addition, expenses incurred to achieve the year's earnings are recognized, including depreciation, write-downs, provisions, and reversals because of changed accounting estimates of amounts previously recognized in the income statement.

Assets are recognized in the balance sheet when it is probable because of a prior event that future economic benefits will flow to the Company, and the value of the asset can be measured reliably. Liabilities are recognized in the balance sheet when the Company has a legal or constructive obligation because of a prior event, and it is probable that future economic benefits will flow out of the Company, and the value of the liabilities can be measured.

At initial recognition, assets and liabilities are measured at cost. Subsequently, assets and liabilities are measured as described for each accounting item below.

Recognition and measurements consider the gains, losses and risks that arise before the annual report is presented and which corroborates or invalidates conditions that existed at the balance sheet date.

Foreign currency translation

Foreign currency transactions are translated at the exchange rate at the transaction date. Exchange rate differences arising between the exchange rate at the transaction date and the rate at the payment date are recognized in the income statement as a financial item.

Income statement

Gross profit

Gross profit is calculated with reference to §32 of the Danish Financial Statements Act as a summary of other external costs. Other external costs include costs for administration, etc.

Financial items

Financial income and expenses include interest income and expenses, realized and unrealized gains and losses on debt and transactions in foreign currencies.

Balance sheet
