## **Statement by management on the annual report**

The executive board has today discussed and approved the annual report of Doughnut Time (Denmark) ApS for the financial year 1. juli 2021 - 28. februar 2022.

The annual report is prepared in accordance with the Danish Financial Statements Act.

In my opinion, the financial statements give a true and fair view of the company's financial position at 28. februar 2022 and of the results of the company's operations for the financial year 1. juli 2021 - 28. februar 2022.

Management recommends that the annual report should be approved by the company in general meeting.

## Notes

### 1 Main activity

The company's main activity is the retail sale of doughnuts, coffee and accessories as well as related business.

## Accounting policies

The annual report of Doughnut Time (Denmark) ApS for 2021/22 has been prepared in accordance with the provisions of the Danish Financial Statements Act applying to reporting class B entities, as well as provisions applying to reporting class C entities.

The annual report for 2021/22 is presented in DKK

As 2021/22 is the company's first reporting period, no comparatives have been presented.

### Basis of recognition and measurement

Income is recognised in the income statement as earned, including value adjustments of financial assets and liabilities. All expenses, including amortisation, depreciation and impairment losses, are also recognised in the income statement.

Assets are recognised in the balance sheet when it is probable that future economic benefits will flow to the company and the value of the asset can be measured reliably.

Liabilities are recognised in the balance sheet when it is probable that future economic benefits will flow from the company and the value of the liability can be measured reliably.

On initial recognition, assets and liabilities are measured at cost. On subsequent recognition, assets and liabilities are measured as described below for each individual accounting item.

Certain financial assets and liabilities are measured at amortised cost using the effective interest method. Amortised cost is calculated as the historic cost less any installments and plus/less the accumulated amortisation of the difference between the cost and the nominal amount.

On recognition and measurement, allowance is made for predictable losses and risks which occur before the annual report is presented and which confirm or invalidate matters existing at the balance sheet date.

### Income statement

#### Other external expenses

Other external expenses include expenses related to administration etc.

### Balance sheet

#### Receivables

Receivables are measured at amortised cost.

## Accounting policies

### Liabilities

Liabilities, which include other payables, are measured at amortised cost, which is usually equivalent to nominal value.
