## Statement by the Board of Directors and the Executive Board

Today, the Board of Directors and the Executive Board have discussed and approved the annual report of Energidrift A/S for the financial year 1 January - 31 December 2023.

The annual report is prepared in accordance with the Danish Financial Statements Act.

In our opinion, the financial statements give a true and fair view of the financial position of the Company at 31 December 2023 and of the results of the Company's operations for the financial year 1 January - 31 December 2023.

Further, in our opinion, the Management's review gives a fair review of the matters discussed in the Management's review.

We recommend that the annual report be approved at the annual general meeting.

# Independent auditor's report To the Shareholders of Energidrift A/S

## Conclusion

We have conducted an extended review of the financial statements of Energidrift A/S for the financial year 1 January - 31 December 2023, which comprise income statement, balance sheet, statement of changes in equity and notes, including accounting policies.

The financial statements are prepared in accordance with the Danish Financial Statements Act.

Based on the work we have performed, in our opinion, the financial statements give a true and fair view of the financial position of the Company at 31 December 2023 and of the results of the Company's operations for the financial year 1 January - 31 December 2023 in accordance with the Danish Financial Statements Act.

## Basis for conclusion

We conducted our extended review in accordance with the Danish Business Authority's standard on extended review for Small entities and

FSR - Danish Auditors' standard on extended review of financial statements prepared in accordance with the Danish Financial Statements Act. Our responsibilities under those standards and requirements are further described in the "Auditor's responsibilities for the extended review of the financial statements" section.

## Conclusion

We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our conclusion.

## Independence

We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (IESBA Code) and the additional ethical requirements applicable in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code.

## Management's responsibilities for the financial statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the Danish Financial Statements Act and for such internal control that Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting in preparing the financial statements unless Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

## Emphasis of matter in the financial statements

The company has made erroneous VAT declarations during the year. All declarations have been corrected before the financial statements were prepared. The Company's Management may incur liability.

**Auditor's responsibilities for the extended review of the financial statements**  
Our responsibility is to express a conclusion on the financial statements.

Company or to cease operations, or has no realistic alternative but to do so.

This requires that we plan and perform procedures to obtain limited assurance for our conclusion on the financial statements and perform specifically required supplementary procedures to obtain additional assurance for our conclusion.

An extended review comprises procedures that primarily consist of making enquiries of Management and others within the Company, as appropriate, analytical procedures and the specifically required supplementary procedures as well as evaluation of the evidence obtained.

The procedures performed in an extended review are less than those performed in an audit, and accordingly, we do not express an audit opinion on the financial statements.

**Statement on the Management's Review**  
Management is responsible for the Management's review.

Our conclusion on the financial statements does not cover the Management's review, and we do not express any form of assurance conclusion thereon.

In connection with our extended review of the financial statements, our responsibility is to read the Management's review and, in doing so, consider whether the Management's review is materially inconsistent with the financial statements or our

knowledge obtained during the extended review, or otherwise appears to be materially misstated.

Moreover, it is our responsibility to consider whether the Management's review provides the information required under the Danish Financial Statements Act.

Based on the work we have performed, we conclude that the Management's review is in accordance with the financial statements and has been prepared in accordance with the requirements of the Danish Financial Statement Act.

We did not identify any material misstatement of the Management's review.

## Management's Review

# Management's review

### Business review

Energidrift A/S is dedicated to owning and operating a green energy supply enterprise. When it comes to green power, our company strives to deliver more than just energy. We pride ourselves on offering competitive prices and exceptional customer service, making us the ideal choice.

Our pricing structure is designed to ensure transparency and fairness, with no hidden fees. In addition to supplying environmentally friendly power to residential and commercial properties, our primary focus is to provide unparalleled customer satisfaction. Unlike other providers, we refrain from employing outbound sales representatives. Our business model centers around reliability and cultivating a loyal customer base through ethical practices.

Furthermore, we are proud to be among the market's best-rated companies on Trustpilot. Our high ratings reflect our dedication to customer satisfaction, transparency, and ethical business practices. We continuously seek feedback from our customers to improve our services and ensure we remain a trusted and reliable energy provider. This recognition not only boosts our reputation but also motivates us to uphold the high standards that our customers have come to expect.

At Energidrift A/S, we are more than just an energy supplier; we are partners in our customers' journey towards a sustainable future. Our commitment to green energy, customer-centric approach, and ongoing innovation positions us as a leader in the industry, dedicated to making a positive impact on both our customers and the environment.

### Financial review

The income statement for 2023 shows a profit of DKK 20,298 against a profit of DKK 993,954 last year, and the balance sheet at 31 December 2023 shows equity of DKK 974,252. This significant decrease in profit is as expected and attributed to several factors, including increased operational costs and investments that are expected to yield long-term benefits.

In 2023, Energidrift A/S allocated substantial resources towards significant investments in marketing and branding, including television and outdoor advertising campaigns. These efforts have been instrumental in raising brand awareness and attracting new customers, further solidifying our presence in the market. Despite the associated costs, these marketing initiatives are expected to drive long-term growth and profitability by expanding our customer base and enhancing our brand reputation.

Another key factor influencing our financial performance is the restructuring of our daily management. The appointment of new leadership has brought fresh perspectives and strategies aimed at optimizing operations and driving innovation. This transition has involved initial costs but is anticipated to improve efficiency and effectiveness in the long term.

Moreover, our customer base has grown steadily, supported by our reputation for excellent service and competitive pricing. Our focus on customer satisfaction and ethical business practices has continued to attract new customers, contributing to our long-term revenue growth.

In summary, while the financial results for 2023 indicate a challenging year, Energidrift A/S remains financially sound and well-positioned for future success.

# Notes to the Financial Statement

## Note 1 – Accounting policies

The annual report of Energidrift A/S for 2023 has been prepared in accordance with the provisions in the Danish Financial Statements Act applying to reporting class B entities and elective choice of certain provisions applying to reporting class C entities.

The accounting policies used in the preparation of the financial statements are consistent with those of last year.

### Reporting currency

The financial statements are presented in Danish kroner (DKK).

### Income statement

#### Revenue

The Company has chosen IAS 11/IAS 18 as interpretation for revenue recognition.

Revenue recognition for income generated from electricity sales, subscriptions, and other sources occurs when the transfer of the predominant benefits and risks to the buyer has transpired, the income can be accurately estimated, and collection of payment is reasonably anticipated.

Revenue is measured at the fair value of the agreed consideration excluding VAT and taxes charged on behalf of third parties. All discounts and rebates granted are recognised in revenue.

#### Gross profit

The items revenue, cost of sales and external expenses have been aggregated into one item in the income statement called gross profit in accordance with section 32 of the Danish Financial Statements Act.

#### Cost of sales

Cost of sales includes the cost of goods used in generating the year's revenue

#### Other external expenses

Other external expenses include the year's expenses relating to the Company's core activities, including expenses relating to distribution, sale, advertising, administration, premises, bad debts, payments under operating leases, etc.

#### Staff costs

Staff costs include wages and salaries, including compensated absence and pension to the Company's employees, as well as other social security contributions, etc. The item is net of refunds from public authorities.

#### Depreciation

The item comprises amortisation/depreciation and impairment of property, plant and equipment.

The basis of depreciation, which is calculated as cost less any residual value, is depreciated on a straight line basis over the expected useful life.

The expected useful lives of the assets are as follows:

Leasehold improvements 5 years

#### Financial income and expenses

Financial income and expenses are recognised in the income statements at the amounts that concern the financial year. Net financials include interest income and expenses as well as allowances and surcharges under the advance-payment-of-tax scheme, etc.

#### Tax

Tax for the year includes current tax on the year's expected taxable income and the year's deferred tax adjustments. The portion of the tax for the year that relates to the profit/loss for the year is recognised in the income statement, whereas the portion that relates to transactions taken to equity is recognised in equity.

## Balance sheet

### Property, plant and equipment

Items of property, plant and equipment are measured at cost less accumulated depreciation and impairment losses. Cost includes the acquisition price and costs directly related to the acquisition until the time at which the asset is ready for use.

### Investments

Deposits comprise deposits.

### Receivables

Receivables are measured at amortised cost.

An impairment loss is recognised if there is objective evidence that a receivable or a group of receivables is impaired. If there is objective evidence that an individual receivable has been impaired, an impairment loss is recognised on an individual basis.

Receivables in respect of which there is no objective evidence of individual impairment are tested for objective evidence of impairment on a portfolio basis. The portfolios are primarily based on the debtors' domicile and credit ratings in line with the Company's risk management policy. The objective evidence applied to portfolios is determined based on historical loss experience.

Impairment losses are calculated as the difference between the carrying amount of the receivables and the present value of the expected cash flows, including the realisable value of any collateral received. The effective interest rate for the individual receivable or portfolio is used as discount rate.

### Prepayments

Prepayments recognised under "Assets" comprise prepaid expenses regarding subsequent financial reporting years.

### Cash

Cash comprise cash.

### Income taxes

Current tax payables and receivables are recognised in the balance sheet as the estimated income tax charge for the year, adjusted for prior-year taxes and tax paid on account.

Deferred tax is measured according to the liability method on all temporary differences between the carrying amount and the tax base of assets and liabilities. However, deferred tax is not recognised on temporary differences relating to goodwill which is not deductible for tax purposes and on office premises and other items where temporary differences, apart from business combinations, arise at the date of acquisition without affecting either profit/loss for the year or taxable income. Where alternative tax rules can be applied to determine the tax base, deferred tax is measured based on Management's intended use of the asset or settlement of the liability, respectively.

Deferred tax is measured according to the tax rules and at the tax rates applicable at the balance sheet date when the deferred tax is expected to crystallise as current tax. Deferred tax assets are recognised at the expected value of their utilisation; either as a set-off against tax on future income or as a set-off against deferred tax liabilities in the same legal tax entity. Changes in deferred tax due to changes in the tax rate are recognised in the income statement.

### Other payables

Other payables are measured at net realisable value.

### Deferred income

Deferred income recognised as a liability comprises payments received concerning income in subsequent financial reporting years.
