Independent Auditor's Report

To the Shareholder of Mifamed ApS

We have audited the Financial Statements of Mifamed ApS for the financial year 1 January - 31 December 2015, which comprise income statement, balance sheet, notes and summary of significant accounting policies. The Financial Statements are prepared in accordance with the Danish Financial Statements Act.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of Financial Statements that give a true and fair view in accordance with the Danish Financial Statements Act, and for such internal control as Management determines is necessary to enable the preparation of Financial Statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the Financial Statements based on our audit. We conducted our audit in accordance with International Standards on Auditing and additional requirements under Danish audit regulation. This requires that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the Financial Statements are free from material misstatement.

An audit involves performing audit procedures to obtain audit evidence about the amounts and disclosures in the Financial Statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Financial Statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation of Financial Statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by Management, as well as evaluating the overall presentation of the Financial Statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Our audit has not resulted in any qualification.

Independent Auditor's Report (continued)

Opinion

Financial statements for the period 1 January - 31 December

Accounting policies

The annual report of Mifamed ApS for 2015 has been prepared in accordance with the provisions applying to reporting class B enterprises under the Danish Financial Statements Act.

The accounting policies used in the preparation of the financial statements are consistent with those of last year.

The Annual Report for 2015 is presented in DKK.

Income statement

Other external expenses

Other external expenses include expenses for administration.

Financial income and expenses

Financial income and expenses are recognized in the income statement at the amounts relating to the financial year. Financial income and expenses include interest income and expenses, and adjustment relating to foreign currency transactions.

Corporation tax

Income tax expense comprises current tax on the estimated taxable income and the adjustment of deferred tax less the amount of net tax related to equity movement.

Current and deferred tax relating to equity is recognized directly in equity.

The parent and all Danish group entities are jointly taxed. The Danish income tax charge is allocated between profit-making and loss-making Danish entities in proportion to their taxable income (full allocation method).

Financial statements for the period 1 January - 31 December

Accounting policies

Balance sheet

Receivables

Receivables are measured at amortized cost. Write-down is made for bad debt losses, based on an individual assessment.

Income taxes

Current tax payables and current tax receivables are recognized in the balance sheet as the estimated tax charge in respect of the taxable income of the year, adjusted for tax on prior years' taxable income and tax paid in advance.

Provisions for deferred tax are calculated using the expected tax rate by elimination of the temporary differences between carrying amounts and tax values, with the exception of temporary differences occurring at the time of acquisition of assets and liabilities neither affecting the results of operations nor the taxable income, and temporary differences on non-amortizable goodwill.

Deferred tax assets, including the tax value of deferrable taxable losses, are recognized at the value at which they are expected to be utilized, either through elimination against tax on future earnings or a set-off against deferred tax liabilities within the same legal tax entity.

Liabilities

Financial liabilities are recognized on the raising of the loan at the cost, corresponding to the proceeds received net of transaction costs incurred. The financial liabilities are subsequently measured at amortized cost.

Other liabilities are measured at the net realizable value.
