Statement by the Board of Directors and the Executive Board

The Board of Directors and the Executive Board have evaluated and adopted the annual report of Nordic Camp Supply ApS for the financial year 1 January – 31 December 2023.

The annual report has been prepared in accordance with the Danish Financial Statements Act.

It is our opinion that the financial statements give a true and fair view of the Company's financial position at 31 December 2023 and of the results of the Company's operations for the financial year 1 January – 31 December 2023.

We recommend that the annual report be approved at the annual general meeting.

Chairman

Ruth Giansante

Independent Auditor's Report

To the Shareholder of Nordic Camp Supply ApS

Opinion

In our opinion, the Financial Statements give a true and fair view of the financial position of the Company at 31 December 2023, and of the results of the Company's operations for the financial year 1 January - 31 December 2023 in accordance with the Danish Financial Statements Act.

We have audited the Financial Statements of Nordic Camp Supply ApS for the financial year 1 January - 31 December 2023, which comprise income statement, balance sheet, statement of changes in equity and notes, including a summary of significant accounting policies ("financial statements").

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) and the additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (IESBA Code) and the additional ethical requirements applicable in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Management's Responsibilities for the Financial Statements

Management is responsible for the preparation of Financial Statements that give a true and fair view in accordance with the Danish Financial Statements Act, and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting in preparing the financial statements unless Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting in preparing the financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and contents of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that gives a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Consolidated Financial Statements

The Company is consolidated in the Annual Report of World Fuel Services Corporation, 9800 N.W. 41st street, Suite 400, Miami FL33178. The consolidated Annual Report is available on www.wfscorp.com

Financial Statements

Financial Statements 2023

Accounting policies

The annual report of Nordic Camp Supply ApS for 2023 has been prepared in accordance with the provisions applying to reporting class B, as well as selected rules applying to reporting class C enterprises under the Danish Financial Statements Act.

The accounting policies are consistent with those of last year.

Foreign currency translation

The Company's functional currency is USD. Transactions in currencies other than the functional currency are transactions in foreign currencies. On initial recognition, transactions in foreign currencies are converted to the exchange rates at the transaction date. Exchange differences arising between the exchange rates at the transaction date and at the date of payment are recognized in the income statement as financial income or financial expenses.

Receivables, payables and other monetary items denominated in foreign currencies are translated at the exchange rates at the balance sheet date.

Recognition and measurement

The financial statements have been prepared under the historical cost method.

Income is recognized in the income statement as earned and all expenses incurred in achieving the earnings for the year are recognized in the income statement, including depreciation, amortisation, impairment losses and provisions.

Assets are recognized in the balance sheet when it is probable that future economic benefits will accrue to the Company, and the value of the asset can be measured reliably.

Liabilities are recognized in the balance sheet when it is probable that future economic benefits will be deducted from the Company, and the value of the liability can be measured reliably.

Assets and liabilities are initially measured at cost. Subsequently, assets and liabilities are measured as described for each item below.

Certain financial assets and liabilities are measured at amortized cost, which involves the recognition of a constant effective interest rate over the maturity period. Amortized cost is calculated as original cost less any repayments and with addition/deduction of the cumulative amortisation of any difference between cost and the nominal amount. In this way, capital losses and gains are allocated over the maturity period.

According to the Danish Financial Statement Act the Company can inform that exchanges rates between the Danish Kroner and 100 American dollars was 674.47 as of 31 December 2023 and 697.22 as of 31 December 2022.

Financial Statement

Income statement

Revenue from sale of goods and services

Revenue from the sale of goods and services is revenue when transfer of the most significant rewards and risks to the buyer has taken place and provided that the income can be reliably measured and payment is expected to be received.

Cost of goods sold

Costs of goods sold includes all cost incurred in obtaining the revenue for the period, including cost of products, transportation, storage etc.

Other external costs

Other external costs comprise costs of administration, storage, housing etc.

Personnel expenses

Personnel expenses comprise costs of wages and salaries, social security costs, pensions etc.

Financial income and expenses

Financial income and expenses comprise interest income and expense from banks and affiliated companies as well as gains and losses on payables and transactions denominated in foreign currencies. Financial income and expenses are recognized in the income statement by the amounts attributable to the financial period.

Tax on profit/loss for the year

Nordic Camp Supply ApS is covered by the Danish rules on compulsory joint taxation of group companies and takes part in the joint taxation with other World Fuel Services Corporation' subsidiaries based in Denmark.

The current Danish corporation tax is allocated by settlement of joint taxation contribution between the jointly taxed companies in proportion to their taxable income. In this relation, companies with tax loss carry forwards receive joint taxation contribution from companies that have used these losses to reduce their own taxable profits.

Tax for the year comprises current tax and changes in deferred tax for the period. The tax expense relating to the profit/loss for the period is recognized in the income statement, and the tax expense relating to amounts directly recognized in equity is recognized directly in equity.

Financial Statement

Balance sheet

Fixed assets

Fixed assets are measured at cost less accumulated depreciation and impairment losses.

Cost comprises the purchase price and any costs directly attributable to the acquisition until the date when the asset is available for its intended use.

Depreciation is provided on a straight-line basis over the expected useful lives of the assets. The expected useful lives are as follows:

Land and buildings	1-5 years
Fixtures and fittings	1-5 years

Gains and losses on the disposal of fixed assets are determined as the difference between the selling price less selling costs and the carrying amount at the date of disposal. Gains or losses are recognized in the income statement as Other operating income or Other operating costs, respectively.

Impairment of non-current assets

The carrying amount of tangible assets are subject to an annual test for indications of impairment other than the decrease in value reflected by depreciation or amortization.

Impairment tests are conducted for individual assets or groups of assets when there is an indication that they may be impaired. Write-down is made to the recoverable amount if this is lower than the carrying amount.

The recoverable amount is the higher of an asset's net selling price and its value in use. The value in use is determined as the present value of the expected net cash flows from the use of the asset or the group of assets and expected net cash flows from the disposal of the asset or the group of assets after the end of the useful life.

Receivables

Receivables are measured at amortized cost.

Write-down is made for bad debt losses where there is an objective indication that a receivable has been impaired. If there is an objective indication that an individual receivable has been impaired, a write-down is made based on an individual assessment.

Prepayments

Prepayments comprise costs incurred concerning subsequent financial years.

Financial Statement

Equity

Dividends

Proposed dividends are recognized as a liability at the date when it is adopted at the annual general meeting (declaration date). The expected dividend payment for the year is disclosed as a separate item under equity.

Corporation tax and deferred tax

Current tax payable and receivable is recognized in the balance sheet as tax computed on the taxable income for the year, adjusted for tax on the taxable income of prior years and for tax paid on account.

Joint taxation contribution payable and receivable is recognized in the balance sheet.

Deferred tax is measured using the balance sheet liability method on all temporary differences between the carrying amount and the tax value of assets and liabilities.

Deferred tax assets, including the tax base of tax loss carry forwards, are recognized at the expected value of their utilization; either as a set-off against tax on future income or as a set-off against deferred tax liabilities in the same legal tax entity and jurisdiction.

Deferred tax is measured according with the tax rules and at the tax rates applicable at the balance sheet date when the deferred tax is expected to crystallize as current tax.

Liabilities

Liabilities are measured at amortized cost.

7 Contingent liabilities

The Company has entered into a lease agreement for office space located Strømmen 6, Nørresundby with RTX Telecom A/S. The termination of the lease is subject to normal market terms equal to USD 43 thousand in remaining payments.

The Danish Tax Authorities (“DTA”) has initiated an audit of the Company’s transfer pricing for the income tax years 2013-2019. During the audit, the Company has supplied the DTA with a significant volume of documentation in addition to the already prepared transfer pricing documentation for the years under audit.

In January 2021, the DTA issued its final ruling for 2013 and 2014, claiming that it does not believe that the profit split method is the appropriate transfer pricing methodology, contrary to its prior written confirmation. Consequently, the DTA has issued an adjustment to the Company’s taxable income for 2013 and 2014 of USD 2.2 million and USD 3.0 million, respectively. Further, the DTA has presented a proposed change to the Company’s taxable income for 2015-2017 of USD 260 million. The combined impact of these adjustments would be an increased income tax expense of USD 59 million, before any applicable interest. Should the DTA reach a similar conclusion for 2018-2019, the financial impact on the Company’s financial position could be significant.

Based on the facts and circumstances, management is of the opinion that the transfer pricing methodology applied is correct and that the related intercompany transactions are conducted following the arm-length principle. This is documented through the transfer pricing documentation for the years and has been further strengthened by the extensive supplementary analysis and documentation provided to the DTA during its audit. Management is confident that this can be sustained through the upcoming tax tribunal and through the court system, if necessary.

Consequently, no provision for tax adjustments has been made as of 31 December 2023.

The Company participates in the loan agreement by and among the Company’s ultimate parent, World Fuel Services Corporation, and certain of its subsidiaries, as borrowers, Bank of America, N.A., as administrative agent, and the financial institutions named therein as lenders (the “Credit Agreement”). The Company is a guarantor for two of the borrowers under the Credit Agreement, World Fuel Services Europe Ltd. and World Fuel Services Singapore PTE Ltd. (collectively, the “Foreign Borrowers”). The guarantee is limited to the retained earnings of the Company which is USD 205,611 thousand as of 31 December 2023. As of 31 December 2023, the outstanding amounts owed by the Foreign Borrowers were nil under the Credit Agreement.

The company takes part of the joint taxation with WFS group’s other Danish entities. The companies included in the joint taxation have joint and several unlimited liability for Danish corporation taxes and withholding taxes on dividends, interest and royalties. Any subsequent corrections of the taxable income subject to joint taxation or withholding taxes on dividends, etc., may affect the Group.
