Management's statement

The Executive Board has today considered and adopted the Financial Statements of Baseblue S.A. ApS for the financial year 1 May 2022 - 30 April 2023.

The Annual Report is prepared in accordance with the Danish Financial Statements Act.

In my opinion the Financial Statements give a true and fair view of the financial position at 30 April 2023 of the Company and of the results of the Company operations for 2022/23.

I recommend that the Financial Statements be adopted at the Annual General Meeting.

Middelfart, 27 June 2023

Executive Board

Peter Kaae Damsgaard
CEO

Independent Auditor's report

To the shareholder of Baseblue S.A. ApS

Opinion

In our opinion, the Financial Statements give a true and fair view of the financial position of the Company at 30 April 2023 and of the results of the Company's operations for the financial year 1 May 2022 - 30 April 2023 in accordance with the Danish Financial Statements Act.

We have audited the Financial Statements of Baseblue S.A. ApS for the financial year 1 May 2022 - 30 April 2023, which comprise income statement, balance sheet, statement of changes in equity and notes, including a summary of significant accounting policies ("the Financial Statements").

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) and the additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the "Auditor's responsibilities for the audit of the Financial Statements" section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (IESBA Code) and the additional ethical requirements applicable in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Statement on Management's Review

Management is responsible for Management's Review.

Our opinion on the Financial Statements does not cover Management's Review, and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read Management's Review and, in doing so, consider whether Management's Review is materially inconsistent with the Financial Statements or our knowledge obtained during the audit, or otherwise appears to be materially misstated.

Moreover, it is our responsibility to consider whether Management's Review provides the information required under the Danish Financial Statements Act.

Based on the work we have performed, in our view, Management's Review is in accordance with the Financial Statements and has been prepared in accordance with the requirements of the Danish Financial Statements Act. We did not identify any material misstatement in Management's Review.

Management's responsibilities for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the Danish Financial Statements Act, and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting in preparing the Financial Statements unless Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Independent Auditor's report

Auditor's responsibilities for the audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting in preparing the Financial Statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and contents of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that gives a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

6. Contingent assets, liabilities and other financial obligations

Contingent liabilities

Baseblue S.A. ApS is an obligor in respect of the bank loans of the group companies. As at 30 April 2023, these obligations were limited to USD 47.443k, which is equal to Baseblue S.A. ApS' equity and Baseblue S.A. ApS' intra-group liability to Bunker Holding A/S as at 30 April 2023.

In the event that these obligations in respect of the bank loans of the group companies materialize, Bunker Holding A/S will cancel any claim it may have against Baseblue S.A. ApS in an amount equaling the parts of the obligations which relate to Baseblue S.A. ApS' intra-group liability to Bunker Holding A/S.

The Danish group companies are jointly and severally liable for tax on the consolidated jointly taxed income etc. The total corporation tax payable is shown in the Annual Report of SelfGenerations T ApS, which is the management company of the joint taxation. The Danish group enterprises are moreover jointly and severally liable for Danish withholding taxes. Any subsequent adjustments of corporation tax and withholding taxes may imply that the Company is liable for a higher amount.

Notes to the Financial Statements

7. Related parties

Related parties comprise the Supervisory Board, the Executive Board and the senior executives in the group enterprises as well as companies in which these persons have significant interests.

The Company is included in the Consolidated Financial Statements of the immediate Parent Company, Bunker Holding A/S, Middelfart, Denmark.

Controlling interest is exercised through the Company's immediate Parent Company, Bunker Holding A/S. The Company's ultimate Parent Company which prepares Consolidated Financial Statements is SelfGenerations T ApS, in which Torben Østergaard-Nielsen, CEO, exercises control.

Notes to the Financial Statements

8. Accounting policies

The Annual Report of Baseblue S.A. ApS for 2022/23 has been prepared in accordance with the provisions of the Danish Financial Statements Act applying to enterprises of reporting class B as well as selected rules applying to reporting class C.

The accounting policies applied remain unchanged from last year.

The Financial Statements for 2022/23 are presented in TUSD.

Recognition and measurement

The Financial Statements have been prepared under the historical cost method.

Revenues are recognised in the income statement as earned. Furthermore, value adjustments of financial assets and liabilities measured at fair value or amortised cost are recognised. Moreover, all expenses incurred to achieve the earnings for the year are recognised in the income statement, including depreciation, amortisation, impairment losses and provisions as well as reversals due to changed accounting estimates of amounts that have previously been recognised in the income statement.

Assets are recognised in the balance sheet when it is probable that future economic benefits attributable to the asset will flow to the Company, and the value of the asset can be measured reliably.

Liabilities are recognised in the balance sheet when it is probable that future economic benefits will flow out of the Company, and the value of the liability can be measured reliably.

Assets and liabilities are initially measured at cost. Subsequently, assets and liabilities are measured as described for each item below.

Translation policies

USD is used as the presentation currency. All other currencies are regarded as foreign currencies.

Transactions in foreign currencies are translated at the exchange rates at the dates of transaction. Exchange differences arising due to differences between the transaction date rates and the rates at the dates of payment are recognised in financial income and expenses in the income statement.

Receivables, payables and other monetary items in foreign currencies are translated at the exchange rates at the balance sheet date. Any differences between the exchange rates at the balance sheet date and the transaction date rates are recognised in financial income and expenses in the income statement.

Income statement

Net sales

Revenue is measured at the consideration received and is recognised exclusive of VAT and net of discounts relating to sales.

Other external expenses

Other external expenses comprise expenses for sales, administration as well as the running of office facilities, etc.

Gross profit

With reference to section 32 of the Danish Financial Statements Act, gross profit/loss is calculated as a summary of revenue, expenses for raw materials and consumables and other external expenses.

Notes to the Financial Statements

Other operating income and expenses

Other operating income and other operating expenses comprise items of a secondary nature to the main activities of the Company.

Income from investments in subsidiaries

The item “Income from investments in subsidiaries” in the income statement of the Parent Company includes the proportionate share of the profit for the year less goodwill amortisation.

Financial income and expenses

Financial income and expenses comprise interest, realised and unrealised exchange gains and losses and changes in the fair value of financial statements.

Tax on profit/loss for the year

Tax for the year consists of current tax for the year and changes in deferred tax for the year. The tax attributable to the profit for the year is recognised in the income statement, whereas the tax attributable to equity transactions is recognised directly in equity.

The Company is jointly taxed with Danish group enterprises. The tax effect of the joint taxation is allocated to enterprises showing profits or losses in proportion to their taxable incomes (full allocation with credit for tax losses). The joint taxed enterprises have adopted the on-account taxation scheme.

Balance sheet

Investments in subsidiaries

Investments in subsidiaries are recognised and measured under the equity method.

The item “Investments in subsidiaries” in the balance sheet include the proportionate ownership share of the net asset value of the enterprises calculated on the basis of the fair values of identifiable net assets at the time of acquisition with deduction or addition of unrealised intercompany profits or losses.

The total net revaluation of investments in subsidiaries is transferred upon distribution of profit to “Reserve for net revaluation under the equity method” under equity. The reserve is reduced by dividend distributed to the Parent Company and adjusted for other equity movements in the subsidiaries.

Subsidiaries with a negative net asset value are recognised at USD 0. Any legal or constructive obligation of the Parent Company to cover the negative balance of the enterprise is recognised in provisions.

Gains and losses on disposal or liquidation of subsidiaries are calculated as the difference between the sales sum or the liquidation amount and the carrying amount of net assets at the time of sale or liquidation, including unamortised goodwill and expected sales or liquidation expenses. Gains and losses are recognised in the income statement.

Receivables

Receivables are measured in the balance sheet at the lower of amortised cost and net realisable value, which corresponds to nominal value less provisions for bad debts. Provisions for bad debts are determined on the basis of an individual assessment of each receivable.

Deferred tax assets and liabilities

Deferred income tax is recognised in respect of temporary differences between the carrying amount and the tax base of assets and liabilities. However, deferred tax is not recognised in respect of temporary differences concerning goodwill not deductible for tax purposes.

Notes to the Financial Statements

Deferred tax assets, including the tax base of tax loss carry-forwards, are measured at the value at which the asset is expected to be realised, either by elimination in tax on future earnings or by set-off against deferred tax liabilities.

Deferred tax is measured on the basis of the tax rules and tax rates that will be effective under the legislation at the balance sheet date when the deferred tax is expected to crystallise as current tax. In cases where computation of the tax base may be made according to alternative tax rules, deferred tax is measured on the basis of the intended use of the asset and settlement of liability, respectively.

Deferred tax assets and liabilities are offset within the same legal tax entity.

Current tax receivables and liabilities

Current tax receivables and liabilities are recognised in the balance sheet at the amount calculated on the basis of the expected taxable income for the year adjusted for tax on taxable incomes for prior years. Tax receivables and liabilities are offset if there is a legally enforceable right of set off and an intention to settle on a net basis or simultaneously.

Financial debts

Debts are measured at amortised cost, substantially corresponding to nominal value.
